

# YEARLY STATUS REPORT - 2020-2021

## Part A

### Data of the Institution

#### 1.Name of the Institution

VIDYA VIKAS INSTITUTE OF  
ENGINEERING AND TECHNOLOGY

- Name of the Head of the institution **RAVISHANKAR M**
- Designation **Principal**
- Does the institution function from its own campus? **Yes**
- Phone no./Alternate phone no. **08212471232**
- Mobile no **9845550525**
- Registered e-mail **principalvviet@gmail.com**
- Alternate e-mail **keerthi.vviet@gmail.com**
- Address **#127-128, Mysore-Bannur Road,  
Alanahall**
- City/Town **Mysore**
- State/UT **Karnataka**
- Pin Code **570028**

#### 2.Institutional status

- Affiliated /Constituent **Affiliated**
- Type of Institution **Co-education**
- Location **Urban**

- Financial Status **Self-financing**
- Name of the Affiliating University **Visvesvaraya Technological University**
- Name of the IQAC Coordinator **Dr. Keerthiprasad K S**
- Phone No. **08212471635**
- Alternate phone No. **08212471232**
- Mobile **9980165404**
- IQAC e-mail address **keerthi.mechviet@gmail.com**
- Alternate Email address **info@vidyavikas.edu.in**

**3. Website address (Web link of the AQAR (Previous Academic Year))** <http://www.vidyavikasengineering.com>

**4. Whether Academic Calendar prepared during the year?** **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: <http://www.vidyavikasengineering.com>

### 5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>B+</b>	<b>2.57</b>	<b>2019</b>	<b>14/06/2019</b>	<b>13/06/2024</b>

**6. Date of Establishment of IQAC** **13/10/2017**

**7. Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,**

Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount
<b>VVIET</b>	<b>SPP 44 SERIES</b>	<b>KSCST</b>	<b>2021</b>	<b>38000</b>
<b>VVIET</b>	<b>NAIN</b>	<b>Department of IT &amp; BT, Govt of Karnataka</b>	<b>2019</b>	<b>1765000</b>

**8. Whether composition of IQAC as per latest NAAC guidelines** **Yes**

- Upload latest notification of formation of IQAC [View File](#)

**9. No. of IQAC meetings held during the year** **4**

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? **Yes**
- If No, please upload the minutes of the meeting(s) and Action Taken Report **No File Uploaded**

**10. Whether IQAC received funding from any of the funding agency to support its activities during the year?** **No**

- If yes, mention the amount

**11. Significant contributions made by IQAC during the current year (maximum five bullets)**

Improved Outcome Based Education.

Conducted Seminar/ Workshops/ Training etc. to improve quality in outcome based education

Internship for Pre-final and Final year students

Increased Industry Institute Interaction

Skill development activities for students

**12. Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year**

Plan of Action	Achievements/Outcomes
Enhancing Connectivity & Networking in the Campus	Institute has practised various pedagogical methods in teaching learning process.
Industry Institute Interactions	To increase the awareness about the industry working. • To give students practical knowledge on different subjects.
Improve Outcome Based Education	Course Outcomes were reviewed and updated in all the departments. • PEOs, PSOs were also reviewed and necessary changes made. • Continuous improvement is monitored and ways to achieve the set goal is continuously analyzed.

**13. Whether the AQAR was placed before statutory body?** Yes

- Name of the statutory body

Name	Date of meeting(s)
Governing Council	12/05/2021

**14. Whether institutional data submitted to AISHE**

<b>4.Institution</b>	
4.1 Total number of Classrooms and Seminar halls	<b>40</b>
4.2 Total expenditure excluding salary during the year (INR in lakhs)	<b>745.4</b>
4.3 Total number of computers on campus for academic purposes	<b>494</b>

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The VidyaVikas Institute of Engineering and Technology affiliated to Vivesvaraya Technological University has governing Council constituted as per the norms of the University. The IQAC Cell provides guidance in all aspects for the institutional development (infrastructure, starting of new courses, criteria for education). The Institution meticulously develops action plans for effective implementation of the curriculum and highest priority is given for academics. At the outset, Principal regularly conducts meetings with various department heads to develop strategies for effective

implementation of the curriculum. Teachers are encouraged to impart the curriculum through innovative teaching methods including power point presentations, assignments, discussions, workshops, seminars, industrial visits, Technical Quiz, e-learning apart from regular/traditional chalk and talk methods. Infrastructure requirement for all laboratories is provided and upgraded as per the syllabus/scheme of the university. Now the focus has been shifted on effectively utilizing teams platform and smart boards to effectively carry out teaching and learning activities. The academic calendar of the Institution adheres to University COE and reflects various curricular activities planned during a semester/year which is usually proposed by all departments prior to commencement of a semester. Lecture Plans - The lecture plans along with lecture notes are prepared by the faculty members well in advance for all their corresponding allotted subjects before the commencement of the semester. These are duly reviewed by respective heads of the department and periodically inspected by Academic Audit Committee (AAC). Department Calendar - All departments prepare Department calendar inline with Academic Calendar of the Institution.

Laboratories - Laboratory manuals for all the concerned laboratories of the departments are developed by the senior faculty of the respective Departments.

Proctor Committees - Minimum of 4 Proctor meetings are conducted in a semester on periodic basis. Also the meetings will be conducted whenever there is a requirement. The Proctors review the grievances, if any, and suitable remedial measures, as and when necessary will be suggested.

Meetings - The Department meetings and Academic Coordination Council meeting will be conducted every month to deploy the action

plans in an effective manner.

- Regular departmental meetings of Class Teachers, Class representatives, Parents Teacher-meetings will be conducted at regular intervals to take suitable measures for the effective monitoring and implementation of the academic process.

- The syllabus, question papers, notes, NPTEL materials, PPTs, lab manuals and videos for each subject are provided by the faculty to the students.

- Student feedback is taken twice every semester to facilitate analysis and corrective measures to be implemented.
- These seminars, assignments, internal assessments, unit tests with respect to the corresponding subjects as planned in the academic calendar are monitored by the Department Heads.

File Description	Documents

Link for Additional information	Nil

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Assessment is the systematic collection and analysis of information to improve student learning". Internal assessment is a crucial part of the instruction process which aids in evaluating student progress and enhances the examination writing skills. Assessing students at several points during the course provides a better indication of student achievement than single, final assessment. Internal Assessment is scheduled and conducted based on the Visvesvaraya Technological University, Belagavi, Regulations Governing the Degree of Bachelor of Engineering/ Technology (B.E/B.Tech) and guidelines. The Examinations Section of the institute provides a centralized service to ensure efficient, consistent and high-quality conduct of Internal Assessment across all departments of college. It coordinates among all departments for planning and conduction of IA and address any grievances or difficulties related to Internal Assessment. The department Internal Assessment Coordinator will manage the development and implementation of assessment and coordinate the in collection, evaluation, and dissemination of all academic, support, and administrative units related to IA.

The roles are

- Preparing IA schedule.
- Allotment of rooms and invigilators based on their work experience.
- Collecting blue books, question papers, scheme and solution as per schedule

- Required number of photocopies of the question papers has to be taken by IA Coordinators
- Recording absentee details.
- Display of IA and attendance as per the calendar of events
- VTU IA entry/approval
- Submission of attendances as per VTU format-I II.
- After every IA the consolidated marks have to be mailed to all the proctors.

The department Academic Committee will review the Internal Assessment question paper prepared by course coordinator and suggest corrections or inputs for improving the quality of question paper. Department squad team will ensure that Internal Assessment is conducted smoothly as per the rules and regulations of the Institution during each session of Internal Assessment to avoid the malpractice.

**1.1.3 - Teachers of the Institution participate in following activities related to curriculum development and assessment of the affiliating University and/are represented on the following academic bodies during the year.**

**Academic council/BoS of Affiliating University**

**Setting of question papers for UG/PG programs**

**Design and Development of Curriculum for Add on/ certificate/ Diploma Courses**

**Assessment /evaluation process of the affiliating University**

**B. Any 3 of the above**

File Description	Documents
Details of participation of teachers in various bodies/activities provided as a response to the metric	<a href="#">View File</a>

## 1.2 - Academic Flexibility

### 1.2.1 - Number of Programmes in which Choice Based Credit System (CBCS)/ elective course system has been implemented

#### 1.2.1.1 - Number of Programmes in which CBCS/ Elective course system implemented

8

File Description	Documents
Any additional information	No File Uploaded
Minutes of relevant Academic Council/ BOS meetings	No File Uploaded
Institutional data in prescribed format (Data Template)	<a href="#">View File</a>

### 1.2.2 - Number of Add on /Certificate programs offered during the year

#### 1.2.2.1 - How many Add on /Certificate programs are added during the year. Data requirement for year: (As per Data Template)

0

File Description	Documents
Any additional information	No File Uploaded
Brochure or any other document relating to Add on /Certificate programs	No File Uploaded
List of Add on /Certificate programs (Data Template )	<a href="#">View File</a>

### 1.2.3 - Number of students enrolled in Certificate/ Add-on programs as against the total number of students during the year

0

File Description	Documents
Any additional information	No File Uploaded
Details of the students enrolled in Subjects related to certificate/Add-on programs	No File Uploaded

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

To integrate the crosscutting issues like gender, climate change, environment education, human rights, ICT etc. positively into the curriculum, the Institution has established various activities/committees.

University, recognizing the importance of the above issues, these topics are included in the regular curriculum. Institute gives equal preference for both the genders in all disciplines by accommodating male and female faculty and students in all the committees formed in the Institution. It is evident from the gender ratio as male to female in faculty as 55:45 and in students 61:39 (UG) and 47:53 (PG). Students Welfare Committee and Redressal Grievance Cell will address the sensitive issues regarding the woman's right and security. Disciplinary committee will guide in administering the rules and regulations governing academic and non-academic misconduct and for assessing reported violations and when necessary, for assigning appropriate penalties. Women Sexual Harassment Cell addresses the issues related to girl students and makes the Institution campus a safe place for the girl students. To boost the morale of the women students, accomplished women of repute are invited to the campus to highlight about their achievements and share their experiences on occasions like engineer's day, teacher's day, women's day etc. Foundation course on computers and technology will make the students a part of global information system and enhances their employability. Environmental studies and Constitution of India, Professional ethics and human rights, Kannada and English are studied as subjects by the students to integrate the crosscutting issues like gender, climate change, environment education, human rights, ICT etc. positively into the curriculum, the Institution has established various activities/committees.

## 1.4 - Feedback System

### 1.4.1 - Institution obtains feedback on the syllabus and its transaction at the institution

E. None of the above

from the following stakeholders Students  
Teachers Employers Alumni

File Description	Documents
URL for stakeholder feedback report	Nil
Action taken report of the Institution on feedback report as stated in the minutes of the Governing Council, Syndicate, Board of Management	No File Uploaded
Any additional information	No File Uploaded

**1.4.2 - Feedback process of the Institution may be classified as follows**

**C. Feedback collected and analyzed**

File Description	Documents
Upload any additional information	<a href="#">View File</a>
URL for feedback report	Nil

## TEACHING-LEARNING AND EVALUATION

### 2.1 - Student Enrollment and Profile

#### 2.1.1 - Enrolment Number Number of students admitted during the year

##### 2.1.1.1 - Number of students admitted during the year

374

File Description	Documents
Any additional information	No File Uploaded
Institutional data in prescribed format	<a href="#">View File</a>

**2.1.2 - Number of seats filled against seats reserved for various categories (SC, ST, OBC, Divyangjan, etc. as per applicable reservation policy during the year (exclusive of supernumerary seats)**

##### 2.1.2.1 - Number of actual students admitted from the reserved categories during the year

93

File Description	Documents
Any additional information	No File Uploaded
Number of seats filled against seats reserved (Data Template)	<a href="#">View File</a>

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

**Response:** After the students get admitted to the institution, orientation programs is organized for the freshers to help them understand the engineering curriculum. Introductory lectures for all the subjects are devoted to discuss and understand special needs of the students. Students are categorized based on their previous qualifying examinations marks, assessment test, class room performances and personal performance.

Assessing the students based on internal examinations helps to identify slow learners and quick learners.

**Methodologies to Encourage Advanced learners:** The bright students are identified from their participation in classroom discussion, performance in the assessment tests, and performance during the oral examination, participation in classroom, seminars, questioning ability, University result analysis etc. Bright students are provided with additional study materials and they are encouraged to act as peer guides for their classmates.

HOD and proctors continuously mentor students. Class toppers are honoured with prizes and certificates. The bright students are encouraged to participate in symposia, workshops and seminars to gain knowledge on the latest developments. Toppers Names & photos are published in Department Notice Boards, Newsletters & Collegemagazines. The bright students having high academic track records are encouraged by faculties to achieve university ranks, also encouraged to take up competitive examinations like GATE, TOEFL, GRE, RRB, SSE etc.,

**Methodologies to Encourage Slow Learners:** If the students are slow in their learning process, the mentor who is acting as the guide and philosopher finds the nature of their problems and motivates them in a friendly way to reach particular academic goals. To improve on their academic performance, extra classes with separate time table are organized to clarify the doubts and explain the

difficult topics.

### 2.2.2 - Student- Full time teacher ratio (Data for the latest completed academic year)

Number of Students	Number of Teachers
1756	113

File Description	Documents
Any additional information	No File Uploaded

## 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The learning is made student-centric by following measures:  
Advance information is given about topics to be taught in the next class so that the students can come prepared for active discussion with teachers.

- Giving home assignment and project work and following up.
- Add-on courses to help in developing special skills relevant to the industry requirements.
- Library, internet facility for value addition.
- Availability of learning resources through CDs and DVDs.
- Use of video clips, model to enhance audio visual effect.
- Arranging field/industrial visits.
- Conducting sessions like group discussion, seminar, quiz, poster presentation, group projects to make the learning more interactive.

Special software has been introduced to keep record of attendance of students and track irregularities.

- Case study methods/role play/group presentations.
- Use of social media like whatsapp, facebook and Twitter is used to spread technical and current affairs.

The Institution concentrates on making the students as original thinkers. Faculty members motivate

them to participate in various technical festivals so as to encourage the artistic temper among the students. Due to these types of activities the students can think on their-own and develop creative projects which will be useful for them in their career. The students are encouraged to present their creative thinking in various national symposia/conference and publish their work in national/international journal/conference proceedings. The long list of prizes won by our students in technical festivals, project expos, paper presentations and other state level competitions bears a testimony to it.

Student project grants sanctioned by KSCST. A habit of life-long learning is imbibed by motivation and providing learning spaces, access to online courses and connectivity with industry experts. Students are motivated and guided to build up models which can develop their creative thinking and better understanding

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

It has been proven that the use of ICT in the classroom increases the motivation of the students, showing more interest and becoming more involved in the areas they study. ICT enables the use of innovative educational resources and the renewal of learning methods, establishing a more active collaboration of students and the simultaneous acquisition of technological knowledge.

Furthermore, ICTs are of great help in developing discernment. Being able to search for various sources and contrast them, as well as to structure information are some of the most notable skills that students develop thanks to the use of ICT. But there are more advantages:

1. Their interest in learning grows: the use of resources as

varied as videos, websites, graphics, and games make traditional subjects more interesting. Multimedia content is a very useful tool to bring different subjects closer to students in a complete and entertaining way.

2. **Interactivity:** the use of ICT in the classroom promotes the student's active and participatory attitude, which is involved in learning and is positioned as the protagonist.
3. **Collaboration between students:** Collaboration between students is clearly enhanced thanks to various digital tools. It is much easier for them to create team projects, cooperate and learn from each other.
4. **They enhance creativity:** ICT tools stimulate the development of the imagination, as well as the initiative of all class members.
5. **Personalization and content up-to-date:** digital environments allow real-time updating of all information and resources. In addition, it is possible to adjust the tools and content to local and nearby realities.

**2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and

mode. Write description within 200 words.

The institution makes appropriate & effective changes in the internal evaluation system w.r.t the changes that are happening at the university level with each scheme change for UG and PG programs. Through interactions & circulars the changes made are informed to the students well in advance.

CBCS SCHEME (2017 scheme) 1. Three Internal Assessments are conducted for each theory course as per calendar of events. The syllabus is divided into three portions and each portion is covered in an internal assessment. The students are informed about the syllabus portions for CIE tests well in advance. There are 40 marks earmarked for CIE, out of this 30 marks is awarded from the average of three internal assessment tests and 10 marks are awarded based on the performance in the assignment/module Tests/seminars/mini-projects etc. 2. It can be seen in this scheme in addition to making the students learn entire syllabus and all the three tests mandatory, weightage is given for assignment/module tests/seminars/mini-projects etc., thus making CIE meaningful

CBCS SCHEME (2018 scheme) 1. Three Internal Assessments are conducted for each theory course as per calendar of events. The syllabus is divided into three portions and each portion is covered in an internal assessment. The students are informed about the syllabus portions for CIE tests well in advance. There are 40 marks earmarked for CIE, out of this 30 marks is awarded from the average of three internal assessment tests and 10 marks are awarded based on the performance in the assignment/module Tests/seminars/mini-projects etc. 2. It can be seen in this scheme in addition to making the students learn entire syllabus and all the three tests mandatory, weightage is given for assignment/module tests/seminars/mini-projects etc., thus making CIE meaningful

The institute expects a document as proof of attainment of course and program outcomes. This depends on several factors including course outcomes of the course, program outcomes, and level of mapping of COs with POs, quality of questions asked in internal examinations and assignment to achieve the outcomes. To have a common procedure to set the quality questions, following guidelines have been proposed:

Step 1: Department Internal Assessment (IA) committee consisting of at least four members is constituted which will look into the authenticity of the question paper. The committee consists of four members: i) Head of the department as Chairperson ii) One senior

faculty as member. iii) Two IA coordinators as members Step 2: IA coordinator will announce the IA Dates and circulates the guidelines to prepare the IA question papers. Step 3: The IA coordinator requests for the submission of IA Papers and scheme of evaluation one week before the commencement of IA and the same shall be submitted to HoD for scrutiny. Step 4: The Internal Assessment (IA) committee scrutinizes the IA Papers. Step 5: IA conduction as per the schedule. Step 6: The faculties after every internal assessment test evaluate the answer scripts as per Evaluation guidelines and will also explain the solution of the questions in the class, which will enable the students to perform better in the final examination. Step 7: The IA coordinator will display the IA marks on the notice board. Step 8: The same process is followed for all the internal assessment tests. Guidelines for Setting Question Paper

1. The questions set shall depend on the course outcomes of that subject/course and level of revised blooms taxonomy. 2. The course outcomes can be set correlating to the modules of the course so that it becomes easy to assess and compute the attainment. 3. Question paper should be framed such that same course outcomes are attained as per VTU in case of choice between the questions. 4. Question paper should be set according to the VTU Examination paper pattern. 5. Marks shall be allotted as per the VTU guidelines. 6. The questions set in the question paper should indicate the COs, POs and Revised Blooms Taxonomy level.

Evaluation Guidelines 1. After every internal assessment, the faculties explain the solution of the questions in the class, which will enable the students to perform well in the final examination. 2. For any genuine reasons, if a student was unable to perform well in the given three internal assessment tests, improvement test is given to him/her. 3. The average of the marks obtained from any best two internal assessment is chosen for the award of internal assessment marks as final marks to VTU Web portal. 4. If a candidate remains absent for all the internal assessments conducted, the Internal assessment Marks are marked as "Absent" in the result.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The redressal of grievances regarding evaluation in both internal assessment and university examination is through the following process: Internal Assessment All grievances regarding evaluation, including the internal assessment marks awarded for the students, can be clarified with the concerned faculty. If the grievance cannot be addressed by the course faculty, the student has the option to approach the Head of the Department. Discrepancies if any are treated with seriousness and adequately addressed depending on the nature of the problem. For maintaining transparency, after the assessment of each internal assessment, detailed scheme and solution for each subject is announced on the notice board. Students will go through the same and approach the concerned faculty for possible deviations in the allotment of marks. Scheme and solutions prepared by the faculty members are validated by Heads of the department. Internal assessment marks obtained will be announced on the department notice board after one week of internal assessment conduction.

End Semester Examination If the grievance is about the end semester examination results conducted by the university, the Institution assists the students by helping them to apply for reevaluation to the office of the Registrar (Evaluation) of the affiliated University through EMS Co-Ordinator of each department of the Institution. As per the university communication from time to time, students can apply for reevaluation. Students can apply for the reevaluation within the stipulated period, by depositing the reevaluation fee. University authorities get the answer sheets reevaluated and then the reevaluation results of the students is declared. In addition to this, the university makes arrangements for issuing photocopies of their answer scripts to the students. This allows the students to consult competent faculty to ensure fairness of Evaluation.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Direct assessment of both theory and laboratory courses through internal assessment & semester end University examinations Course

instructor defines the course outcomes using Revised Bloom's taxonomy. The Department Accreditation Committee and the Course instructor review the Course Outcomes(CO). Each Course Outcome is mapped to Program Outcomes in terms of relevance . Three levels of relevance are used. 1 for low, 2 for medium and 3 for high level of correlation. The contribution of a course to each PO/PSO is expressed in terms of average relevance of COs mapped to that particular PO/PSO

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The following methodology is used to measure the attainment of course outcomes. The attainment levels for courses are set based on the previous performance. Each course may have different targets & attainment levels set by the respective course instructors. Setting the three attainment levels will help to determine the extent of attainment of each course outcome against the set target. The attainment is measured in terms of actual percentage of students getting the set percentage of marks. Course Outcome Attainment: Attainment through University Examination: Substantial i.e. 3 Attainment through Internal Assessment: Moderate i.e. 2 Assuming 80% weightage to University examination and 20% weightage to Internal assessment, the attainment calculations will be (80% of University level) + (20% of Internal level ) i.e. 80% of 3 + 20% of 2 = 2.4 + 0.4 = 2.8. Theory Courses Target 40 marks (50% of 80 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks Theory courses: Internal Assessment

Target 12 marks (50% of 20 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks

Laboratory Courses Target 40 marks (50% of 80 marks) Attainment

Level 1 50% students scoring more than 50% of Maximum marks  
 Attainment Level 2 60% students scoring more than 50% of Maximum marks  
 Attainment Level 3 70% students scoring more than 50% of Maximum marks  
 Laboratory Courses: Internal Assessment Target(15 Scheme) 12 marks (50% of 20 marks)  
 Attainment Level 1 50% students scoring more than 50% of Maximum marks  
 Attainment Level 2 60% students scoring more than 50% of Maximum marks  
 Attainment Level 3 70% students scoring more than 50% of Maximum marks

If the target is achieved (i.e., attainment level 3 is achieved) for a course, then the course outcomes are attained for that year and hence the target is raised reasonably (approximately 5%). If the target is not achieved then an action plan is to be specified to take further action to attain the target in the following year. The final attainment is computed as given below:  
 Course Outcome Attainment =  $0.8 * AL \text{ in University Exam} + 0.2 * AL \text{ in Internal Assessment}$ . (Where, AL = Attainment Level)  
 Course attainment =  $0.8 * \text{Course Outcome Direct Attainment} + 0.2 * \text{Course outcome indirect attainment}$   
 To know the effectiveness of the delivery internal assessment (IA) mark is conducted on a regular basis (average of 2 internals out of 3 internals per semester). Internal assessment marks for theory and labs is out of 20. The university will conduct external examination after every semester for theory (80 marks) and lab (50 marks). Indirect assessment tool Feedback forms are collected from alumni, students and employers to assess the effectiveness of each program

## 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

### INNOVATION ECOSYSTEM

The institution has initiated many measures in promoting research activities and created an ecosystem for innovation through incubation center. The institute has a dedicated Research and Development Cell which aims at nurturing research culture in the College by promoting research activities. It encourages the faculty and also the students to undertake the research in emerging and new areas of Engineering. This is promoted through enhancing the general research capability by way of participating in conferences, seminars, workshops, project competitions, etc. The institution has New Age Incubation Network center (NAIN) to promote and encourage the students to involve in innovation and research.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The college organizes a number of extension activities to promote institute-neighborhood community to sensitize the students towards community needs. The students of our college actively participate in social service activities leading to their overall development

VVIET has the following Student Council Committees: Technical Council, Cultural Council, Career Guidance Council, Sports Council & Community Service Council. Institution involves the faculty and students in community network. This helps the students to learn ethical values and understand their responsibilities, and develop as good citizens, in service orientation and their holistic development. Social activities like blood donation camps, tree plantation, helping for wiring of computers in government schools and climbathon are organized by the students. Faculty members and students visit the social organizations and help them by donating the materials as per need (Computers, blankets, food etc) Students regularly publish the articles in the newspaper which help to literate the common citizen of developments in technology. The student community is being benefited by implementing

government reservation schemes and offering good scholarships for both merit and economic basis. The major strength of the Institution is its ability to ensure holistic development of students to make them responsible citizens by teaching them the moral values. Institution provides quality based education to the students by inculcating moral values, scientific temper and employing state-of-the-art technologies. It aims to pursue excellence towards creating students with high degree of intellectual, professional and cultural development to meet the national and global challenges.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

**Response:** Considering the main aim vision and mission of the institute adequate facilities for teaching learning processes in terms of classrooms, laboratories equipment and computing facilities have been provided as per AICTE and VTU norms.

#### Classrooms

The Institution has sufficient number of well-furnished, well ventilated, spacious classrooms as per AICTE norms with respect to carpet area, lighting and ventilation. All Classrooms are provided with multimediacomputers and projectors for interactive sessions. Laboratories: All laboratories are well equipped, as per AICTE norms with respect to carpet area, lighting and ventilation. The laboratories are used not only for carrying out curriculum-oriented experiments, but also carry out project based activities. Seminar Halls: The Institution has three seminar halls each with capacity of 150 seats and a boardroom to conduct meetings. All are equipped with LCD projector, white board and public address system. Auditorium: The Institution has well furnished state of art auditorium with a seating capacity of 450. All the college events are regularly conducted in this auditorium. Tutorial classrooms: Each department has tutorial classrooms to guide students in smaller batches in order to clarify their doubts and queries on individual basis. Student council room: The institution has a

student council room which helps to share their ideas and interests related to collegewide activities. Research center: The Institute has set up eight Research Centre affiliated to VTU in the Department of CSE, ECE, EEE, ME, CV, MBA, Physics, Chemistry and Mathematics. The Institute is providing special infrastructure for research scholars as per the project requirement and encourages innovations to carry out research activities. College also encourages innovative projects through research.

Computing Facilities 1. There are over 494 desktops and 30 laptops for computation and related activities. Sufficient Printers and Scanners are available in the departments and laboratories. All the computers in the institution are networked with servers. 2. All the Computer Laboratories are connected with uninterrupted power supply (UPS), so that the students and staff can access the computers without any interruption. Power generators with a total capacity of 120 kVA for power back-up.

3. The Institute provides internet connectivity of bandwidth 40 Mbps (1:1) with access points for Wi-Fi facility all over the campus. A dedicated computer center with 30 desktops is provided for browsing & accessing E-resources besides computer labs.

Specialized facilities and equipment for Teaching, Learning and Research: The Institution has an exclusive language lab equipped with audio and video facility. Apart from the central library, each Department has a separate Departmental library with reference and text books. E-learning facility is provided covering a wide set of applications and processes, including computer based learning and virtual labs learning. For self learning, reference books in all the subjects are available in the Central Library. Separate common room for boys and girls are available in the campus.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

Response: Sports activities occupy a significant part of the extra curricular activities in Vidya Vikas Institute of Engineering and Technology. The College provides facilities to conduct indoor and

outdoor sports, games and cultural events. It facilitates training for the students and encourages them to participate in the Inter-collegiate, University, State, National and International level competitions. Large play grounds support a wide variety of games such as Cricket, Football, Volleyball, Hockey, Kho-Kho etc. All Departments of the Institute organize Inter College sports events.

Horse riding: Horse riding facility is provided by the institute. It is opted as a passion by the students.

Sports (Outdoor and Indoor games): Students are encouraged to take part in sports activities. College teams are formed to take part in University level competitions and other intercollegiate competitions. Sports competitions are conducted at the Inter Departmental level every academic year and the winners are awarded. Two qualified Physical Directors have been appointed to look after the day to day games and sports activities of the college. Playgrounds/courts are available for outdoor games such as ball-badminton, Shuttle-Badminton, Volleyball, Throwball, Cricket, Football, Kabaddi, Kho-Kho, Basketball, Handball etc. A well maintained tennis court is in place for the Tennis Enthusiast. The separate indoor games facility for Table-Tennis, Carom and Chess are used by the students regularly. The Institution has won Several championships in VTU. Our staff and students have represented the Institution at the National and International level and Excelled in many games. Cultural Activities: Students are encouraged to participate in cultural events across the city in various Intercollege activities, across state and also corporate events like Infosys etc. Inter Departmental competitions are conducted to enhance the talents of students. A qualified and experienced cultural coordinator is nominated to monitor and train students for the cultural events. "Vistaara" Students Council of Vidya Vikas Institute of Engineering & Technology and the Cultural Fest Gravviety (two-day annual cultural extravaganza) provides fabulous opportunity for the students of various colleges of Mysuru region to exhibit their talent with uniqueness and magnanimity. In the cultural fest, many cultural and literary events are conducted for the students. Outdoor facilities 200-metre Athletic track Equestrian facility Court for Basketball Volleyball Handball Cricket Ground Throwball.

Indoor facilities: Table Tennis, Chess, Caroms

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Institution has resourceful library which is accessible to all categories of users. The library has threefloors. This area is

divided into Book Section, Reading section, Discussion Rooms, Digital Library, property counter and Newspapers Section. A Reference section is provided to refer reference books, competitive exam books, novels, journals, old volumes of periodicals, newspaper clippings & project reports. For convenience of the users, the books & interrelated subjects are systematically arranged section wise in the book-shelves. Open access system is followed which allows users to have direct access to the bookshelf & can locate the books of their interest without any difficulty. Location of books is made easy with the help of rack index provided on each rack. Assistance of the library staff can be taken whenever necessary. The library at the time of admission/joining issues library card to each student, which will allow them to have access to the library. At a time the borrower can borrow three books, two periodicals, and two magazines, Two CD/DVD for a period of two weeks and they can also renew and reserve the books. Similarly the faculty members can borrow six books, periodicals, and two magazines CD/DVD for a period of one semester and they can also renew the books. Reference books are issued to students for overnight use and also these books are issued for photocopy against deposit of their Institution identity card and the same has to be returned within a hour. For security reasons, the user has to deposit their belongings in the property counter, before getting access to the book-shelf. In the Library, surveillance cameras are installed to avoid any theft, damages etc. The E-resource access facility is provided across the campus. Apart from this, one computer is provided to access Online Public Access Catalogue (OPAC). Two computers are used by the library staff for circulation, accessioning, cataloguing, periodicals maintenance, requisition, budgeting and acquisition, usage & reading analysis, bar coding generation, report generation, searching etc. The library has High Speed internet connectivity via Broad Band. In the Library students/staff can take document scanning during working hours. Reprographic facility is available in the campus. Institutional Repositories like syllabus, previous years question papers, Faculty publications, etc., can be accessed by students and staff by using Dspace digital software is available. The library is neatly laid out over an area of 575.36 sq.m. During the last four years library has made following developments: Enriched library with latest, need based collections Extension to another floor Fully automated with standard library software Newgenlib Institutional repository building (using DSpace Software) Digital Library

### 4.3 - IT Infrastructure

#### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

**Response:** The Institute has an internet connectivity of bandwidth 40 Mbps (1:1) which is provided by M/S Yeshtel [Yashas cable network pvt. Ltd. Mysuru] and has six wi-fi access points currently available in Principal room (1 access point), Office room (1 access point), NAIN Centre (2 access point) Girls Hostel (2 access point) and in Boys Hostel (2 access points) 494 computers are provided in the campus with centralized computer lab facility maintained under one common system admin. Presently we avail internet connectivity speed of 40 Mbps. A Separate team with in-house staff is formed to take care of the IT and related needs of the campus like software development, hardware and networking, email solutions etc. All the system labs and Admin blocks are provided with UPS facility.

Name of the Internet provider Yeshtel [Yashas cable network pvt.Ltd.] Available band width 40 Mbps WiFi availability Yes, Entire Campus Internet access in labs, classrooms, library and offices of all Departments Yes Security arrangements Yes, Untangle UTM

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college is maintaining the infrastructure in terms of building maintenance, transport, furniture and autostart generator in case of power shut down. Separate team of Persons ensure the maintenance of variousservices like electrical, plumbing, housekeeping etc. Concerned lab instructors will report regularly aboutthe breakage of instruments and devices to the higher authority so that the damaged instruments will beimmediately

replaced. Regular cleaning and up keeping of the laboratory equipments is monitored by the lab instructors and faculty member in-charge of the laboratories. The annual budget and allocation of funds, along with monitoring of utilization of funds for maintenance ensures the improvement of the infrastructure of the Institution. Annual maintenance contract (AMC) is availed for critical and sophisticated equipments. The members of the Computer Maintenance System (CMS) cell will fix the computer hardware/software and network connectivity related issues. The estate office consists of an estate officer, maintenance engineer, electrical supervisor, electricians, civil supervisor and workers, gardeners, carpenter, campus supervisor, housekeeping staff, plumber, RO plant technician, lift operator to carry out routine maintenance of mechanical and electrical services. In addition to this, technicians designated as lab instructors are also available in all departments to attend to the needs of students and staff in laboratories.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

**BOTTOM UP APPROACH** 1.The process for recruiting the Student Council is based on the interest of the Student in the particular Team. 2.When a vacancy on the Student Council exists, either due to resignation or removal, the Head of the Institution may fill the seat by the appointment of an eligible student from the same campus as the successor, these appointments will be for one year term. 3.The Heads of the Department will select the representatives (05 Male and 05 Female) of each individual Team and out of which a male and a female coordinator is chosen. 4.The Head of the Institution will select the male and female convener of that particular team from the coordinators of each Team. 5.Finally the Head of the Institution will select the Chair-1 (Male) and Chair-2 (Female) who is active and has Leadership qualities among the Conveners (Male and Female) of each Team.

Once in every month, the Head of the Institution conducts meetings with Chair, Co-chair, and Coordinators of the Students Council to discuss about

Discipline in the Campus Initiatives in disseminating Vision, Mission of the Institute.Measures in preventing ragging in the

Campus. Outreach in enhancing Technical, Sports, Placements, Cultural and Community Service Activities.

**Selection of Class Representatives:** The Institute has common procedure to select the class representative in each Department.

1. The Class teacher will be assigned for conducting the process of selection for each class.
2. The Selection process of class representatives shall be conducted during the starting day of class.
3. The Class teacher will brief about the roles and responsibilities of class representatives and also the process of selection to the students.
4. Two CRs from each class - one male and one female will be selected by the class teacher.
5. Based on the academic background, active participation in Co-Curricular and Extra Curricular activities, the Class Representatives will be selected.

**Roles and Responsibilities of Class Representatives**

A class Representative shall:

1. Act as liaison between the students, staff and HoD
2. CR's help in achieving good rapport between students and staff members
3. They represent their class in all academic, co-curricular and extra curricular activities
4. The class representatives help in maintaining discipline in their respective classroom.
5. The class representatives also ensure there is no ragging in the campus

The active role played by the students in various bodies of the Institute is clearly demonstrated in the abovementioned activities.

## 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The alumnus forms the major strength of the institution. The alumni meet is conducted once in a year, to interact with alumni's and provide a platform to share the new technology, innovative idea with the students where the alumni from different branches of the undergraduate and post graduate programs share their views and give suggestions for the betterment of students

Every Saturday, each Department will be inviting five alumni's to the Department and each alumni will be allotted five pre-final year students. Each alumni will guide student on resume preparation, How to face the Interview, Skill sets, Group Discussion, project development etc.

The alumni visit the Institution to deliver guest lectures and seminars for the students in their areas of expertise and motivate the young minds. Successful Entrepreneurs from the alumnus are invited to talk on their success stories at various occasions of the Institute. The alumni also help the final year students of the various streams of engineering, business administration and computer applications to get their project placements and summer internship in their companies or to assist them to get it through their reference.

They also assist the students for placement in public and private sectors. The Alumni meet provides a platform for the Alumni's of the department to meet and provide the information to the students and society.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

##### VISION

Our vision is to provide learning opportunities, ensuring excellence in education, research and facilitate an inspiring world class environment to encourage creativity. The Institute is committed to disseminating knowledge, and through its ingenuity, bring this knowledge to bear on the world's great challenges. VVIET is dedicated to providing its students with an education that combines academic study and the excitement of discovery kindled by a diverse campus community.

##### MISSION

Offer highest professional and academic standards in terms of personal growth and satisfaction, and promote growth and value to our research sponsors. Provide students a platform where independent learning and scientific study are encouraged with emphasis on latest engineering techniques. Encourage students to implement applications of engineering with a focus on societal needs for the betterment of communities. Empower students with vast technical and life skills to raise their stakes of getting placements into reputed companies. Create a benchmark in the areas of research, education and public outreach. The Institution has embarked on a transformative phase of this journey, as embodied in the Vision document, a journey that seeks to transform

VVIET into a research focused Institute continuing to offer educational programmes of the highest levels of excellence, with deep and pervasive knowledge to bear on world's greatest challenges. The Vision journey has been visualized through 'Mission Programmes'. These mission Programmes focused on various thrust areas like - Academic Programmes and Pedagogy, People, Research and Consultancy, Campus Life, Infrastructure and Facilities, Faculty and Staff Development, Industry Engagement, Innovation and Entrepreneurship, Interdisciplinary Research, Quality Assessment and Assurance. To fulfill the various thrust areas management at VVIET involves faculty, staff members and students contributing to educational administration at various levels based on their nomination for a particular role. The departmental Heads are responsible for the functional activities of the individual disciplines and departments. Individual faculty members can contribute in the capacity of nucleus members of these divisions. Each Class is also represented at various administration committees by elected members of student council and Class Representatives. All functional units are adequately supported by non teaching staff for its various activities. In addition, administrative professionals are also employed for domains where special functions like placements, IT, Finance, HR, etc.. require specific domain knowledge. Apart from these the Institute has various other committees like, Anti-ragging, IQAC, Research , Test & Examination, Student Council and Grievance Redressal Committee. Review of these governance structures is done periodically and changes are made to ensure smooth working of VVIET, a diverse campus community.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	<a href="#">View File</a>

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Four Committees, viz., Finance Committee, Infrastructure Committee, Staff Committee and Purchase Committee supports the management. Decisions in each of these four areas are taken by the respective committees adhering to the action plan (work plan). The Management regularly interacts with the Principal to review the

implementation process of the quality plans. The Principal intends to develop and ensure effective conduction of educational programs and promotes improvement of teaching learning in the Institution.

A bottom up approach is used seeking the requirement, then planning to fulfill the requirement.

There are four levels of participation

Student through the Student Council

Faculty level through regular teaching learning progress

HODs and Deans level

Management level

Ex: Sports and Cultural team of Student Council plan the annual events and is reviewed by the committee. Similarly, Trainers and contents for aptitude and verbal training courses are decided by the council.

Departments, being the fundamental academic building blocks of the Institute, led by their respective Heads work in a highly collaborative manner amongst other divisions and ensure excellent instructions, high quality research, and useful practical experience to students. Certain functions are led independently by officers or faculty-in-charges. Majority of faculty members participate in activities of academic administration supporting various administration groups. Decision is evolved after extensive consultation with all stakeholders including students, staff, parents, and faculty members. Multiple level discussions culminate in final decision by consensus and approval of the concerned apex body. All new plan implemented follows assessment process to know the success of implementation and assessment for level of success.

Head of the Department is accountable for smooth execution of academic activities of the department. They delegate important academic activities to the faculty members, conduct department meetings regularly to finalize the requirements of the departments such as equipments, consumables, books and journals. HODs submit the requirements to the principal for approval of the Management before the beginning or at the end of the academic year for processing and procurement. The management, in finance committee meeting draws and approves current year budget for each department and is communicated to departments through the principal. Various

functional committees are formed every year with clear specific functional responsibilities. The conveners of these committees are responsible for its successful functioning. The quantum of work and the nature of job for committees are assigned to the staff concerned. Thus, the Institution's decentralization decision provides authority and operational autonomy to the committees. HOD's are empowered to select competent candidates as faculty members for their department.

The institute has made progress in the last 4 years as most of the decisions that were taken in the Academic Co-ordination Council (ACC) meetings have been implemented successfully after consulting faculty, students and Management wherever required. Some of them are

1. Improvements in teaching-learning process
2. Internships
3. Value Added Programmes
4. Research Funding
5. Laboratory upgradation
6. MOUs with Industries

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The Institute is planning strategically every year for its development. One of the successfully implemented Strategic Plan is Results improvization, Research Fundings and infrastructure expansion.

The Institution has a good Proctor system, where a group of twenty students are assigned to a faculty. The Proctor monitors their performance, advises them, informs them about the institutional rules and informsthe parents about their progress through Proctor

Dairy and online messages, and if necessary, through telephonic conversations. Students who are at the risk of dropping out are given special attention and are advised to take the most appropriate decision depending on the number of arrears subjects. The socially and economically disadvantaged students are supported with scholarships. Tutorial classes are arranged for slow learners and detained students. The Results have improved drastically since last 4 Years

The Institution is creating an amicable atmosphere to the faculty members to involve in research activities to face the challenges of the recent trend. The Institution has established Research and Development Cell to promote research attitude among faculty and students with the following activities.

Teachers are encouraged to submit more Research projects to different funding Agencies. Industry experts are invited to interact with students and provide exposure to help them develop entrepreneurial skills. Eminent scientists and speakers are invited for Technical talks. Motivating them to attend seminars, workshops, refresher courses and International/National Conferences. Publication of papers in national and international journals.

In the year 2016-17, VGST had Sponsored 30 Lakhs for Research Project to Dr. Padmini, Professor & Head, ISE. In the Year 2018-19, Government of Karnataka has sponsored Rs 1,20,00,000/- for Incubation Centre.

This clearly demonstrates the implementation of the strategic plan successfully by the institute. Strategic growth of expansion plan (physical infrastructure) is set in order to meet increase in number of students /faculty / non-teaching staff. The enhancement of infrastructure and reinforcement of the existing infrastructure on a continuous basis consistent with growing needs of our institute are set as a top priority. Further, as technology advances, the existing infrastructural facilities are constantly updated. Relinquishing and elimination of obsolescence is also paid sufficient attention.

Management conducts the meeting with principal along with HOD's to ensure consistency in academic excellence, upgradation of facilities etc. Accordingly, management constructed new hostel for girl students in the campus consisting of rooms with single and double occupancy with Wi-Fi Facilities and dining area to serve hygienic food. Also, the new hygiene canteen/refreshment centers

are constructed to provide quality fresh food/meals to the faculty and students.

To ensure that our students benefit from a high quality learning environment a new air conditioned state-of-the-art auditorium is constructed with a seating capacity of 400, in the campus.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The Institute, established by Vidya Vikas Educational Trust®, has functions with decentralized administrative setup as follows:

1. Management Committee of VidyaVikas Educational Trust®,
2. Governing Council of VVIET, with Principal as member secretary
3. Principal 4. Dean (Academics) 5. Academic Coordination Council (ACC) (Council of HODs)

Role of the Top Management are: To strive to improve the efficiency of the institution in students support services, apply modern management principles in the areas of planning, organizing, staffing, directing and controlling. Finance Committee, Infrastructure Committee, Staff selection Committee and Purchase Committee report to management and implements strategic plans. The Finance Committee of the Management provides budget for requirements like infrastructure, maintenance and developmental needs of institution. Stay involved with other committees regarding new projects and expenditures. The Management regularly interacts with the Principal to review the implementation process as per quality program. Committees regularly audit various activities to ensure proper implementation. Management meets HoD's once in two months for the review of action plan and major policy decisions.

Role of the Principal are: Being an active member takes lead in deciding the quality program draws action plans, directs the faculty and coordinators to oversee effective implementation and conduction of quality programs. Fosters the development of

students and faculty. To sort out issues, if any, related to faculty and student by constituting functional committees, inconspicuous with management. Contributes by developing quality assessment tools through the Internal Quality Assurance Committee (IQAC). Initiates liaison with the eminent academicians, scientists, industries, professional bodies and renowned Institutions which helps in planning and implementing the quality policy.

Along with faculty, initiates orientation, QIP and other programs for quality improvement.

Role of Heads of Departments are: Primarily provide strong academic leadership, lead, manage and develop the department to ensure it achieves the highest possible standards of excellence in all its activities. Manages matters relating to monitoring departmental staff, the organization of teaching, research and associated activities and the effective performance of staff duties. Demonstrate the vision, management skills, the ability to acquire resources and the skills to empower and influence others to contribute to getting the job done. Motivates students and faculty for improved academic performance and ensures industry institute interaction by ensuring regular technical talks, internship and workshops.

Role of the faculty The faculty plays a major role in the implementation of the quality policy. All faculties, with their experience and expertise, help in implementing the quality program. Strives to be role models for the students and to upgrade themselves continuously Fulfill responsibilities in teaching, research and administrative activities. Contribute in various committees formed by the Principal. Work in team for effective implementation and outcome of the quality program. Develop quality measures for the evaluation of various processes. Counsel students about quality in various activities. Take initiative to associate themselves with eminent research organizations, academicians, professional bodies and industries.

Rules, Procedures, Recruitment and Promotional Policies: The revised and updated service rules were published by VidyaVikas Educational Trust in November 2017 with respect to recruitment, promotion and grievances redressal.

## 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Following are the welfare measures for teaching and non-teaching staff:

The institute deputed the faculty to attend workshops, conferences, seminars etc. The institute organizes in- house faculty development programs, administrative skills development programs, value based programs, and teaching-learning courses to enhance professionalism. The institute provides sponsorship to the faculty for pursuing higher studies. The institute assists and encourages faculty to be member of local, national, international, professional bodies and societies. The institute motivates the faculty and staff for arranging industrial training programs/ visits. The institute motivates the faculty for research and development by providing seed money, digital library and research equipment and labs. The institute Promotes research culture, research publication by creating infrastructure to carry

out research work and run projects. To improve the teaching skill, the faculty is encouraged to adopt learner centric education approach viz. better academic planning, use of modern teaching learning aids, application of ICT resources.

The institute motivates the non teaching staff to attend skill development and training program. Allow them to attend courses to improve their educational qualification.

Institute organizes training programs on office automation, use of open source software etc. Faculty members are supported with good infrastructural facilities and positive working environment. R&D fund is allocated to the faculty members in pursuance of research activities. Institute rewards the staff objectively. Special incentives are provided for deserving staff members.

**Welfare schemes**

CL, SCL, Vacation leave, Medical Leave and EPF is provided to all teaching and non-teaching staff members. Gratuity to all employees. Group Medical Insurance for all the employees.

**Welfare schemes for non-teaching staff**

One week leave for marriage Granting medical leave Medical Support Free transport facilities Motivating them to attending orientation programmes, workshops and conferences Providing dress materials for non-teaching staff Providing vehicle utilization or transport allowance for non-teaching staff Providing dress materials for housekeeping staff Group Insurance EPF is provided to all teaching and non-teaching staff members. Gratuity to all employees. Group Medical Insurance for all the employees.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Faculty appraisal process at VVIET has been a critical exercise for ensuring quality of faculty and a means of retaining talent. Periodic reviews of the various appraisal processes are done by the leadership and proactive measures have been taken to upgrade and bring in positive changes to the appraisal process.

The faculty appraisals conducted every academic year. The assessments are made with respect to the outcome of the goals set by each faculty member in terms of teaching, research and institutional contribution.

The institute has well defined and transparent teaching and non teaching appraisal system.

Every academic year, Department Heads are made to submit annual report which consists of 28 Parameters.

The annual report reflects the various activities carried out by the faculty members, their achievements, progress made in the teaching learning process etc., which is taken as the basis for Appraisal. The keypoints for appraisal are:

Experience (Teaching and Industry) Activities and contribution made in academic and administration (Institution level, Department level and at National level) Developmental activities contributing to the growth of the institution and better academic work. Research progress Contribution to the placement activity Self appraisal of the respective candidates.

The management, Principal and HODs are involved in reviewing the performance appraisal report. Topmanagement reviews the performance of the faculty's appraisal, which reflects in increment, incentive, allowances and promotions. The decisions taken in the appraisal committee meeting is communicated to the respective members. The order copies are filed in their individual files and maintained in the Principal office. The appraisal criteria for non-teaching staff is different from that of teaching, however, the procedure followed is similar to that of faculty.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

Before commencement of every Financial Year, Principal sends Circular to all the HODs to submit budget requirements for the next financial year under specified head of accounts. In turn HOD's sends the Circular to Laboratory Faculty Co-ordinators to estimate the Budget from various laboratory for purchasing new equipments / softwares. The amount required for conducting various programs like Guest Lectures, workshop, faculty development program and seminar depending on the standard is prepared by a team of faculties under the guidance of concerned Heads of the Department based on the guide lines given by the Principal as decided in the Academic Coordination Council. Principal reviews the previous year budget actual expenses & requirements of all the departments in consultation with Purchase Committee and concerned HODs (if required) and prepares a consolidated college budget. This exercise is carried out considering the recurring and non recurring expenditure required by the respective departments for the entire year.

Principal consolidates the College level requirement and the comprehensive budget proposal is placed to the management committee for final approval. The budget submitted by the Principal for the

next financial year is placed before the Governing Council for discussion, and approval. The approval is given on priority basis keeping in mind all the sections of the proposal have fair share. Any additional requirements that arise due to unforeseen expenditure shall be discussed in the HODs Academic Coordination Council meeting and management committee is requested to ratify. Purchases will be made with the recommendations of duly constituted purchase committee. Audit is done by the Chartered Accountant, at the end of the every year. All the financial transactions of the institute are audited by an external agency. The external audit is carried out by the auditors as per the provisions of the Government rules and regulations. The Institute has maintained the transparency in all financial transactions. It may be seen from the audited reports that all the financial transactions are carried out as per the standard norms. The audited reports are uploaded in the college website as per AICTE norms. An extract of the audited report by the external agency is attached.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

## Mobilisation of Funds

The Institute is Private and self-financing and it mobilizes funds through various resources such as:

Tuition Fee from the students Fee for the other services rendered to the students for Transportation. Fees for Value added Programme.

As per the government norms, at the Under Graduate level, the total intake of the Institute is categorized into three Quota. At present, the admission quota in each program is: 45% CET, 30% COMED-K, and 25% Management quota. The tuition fee per year for admission through CET is Rs. 50,500/-, for COMEDK & Management, tuition fee varies from Rs.1,10,000/- to Rs.1,70,000/- depending on the program

## Utilization of Resources

Every Financial Year, each department will be submitting their Budget as per their Department requirements in different head of Accounts. Upgradation of the infrastructure. Purchase and servicing of Equipment's to the Laboratories as per the Curriculum. The Head of the Institute monitors periodically, the utilization of the funds allocated to the departments. Ensure optimal utilization of the resources according to the plan.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC of the institution was constituted on 30th October 2017. The Academic Audit of the Departments is conducted by Internal Quality Assurance Cell (IQAC). The objectives of IQAC is to improve and sustain the academic and administrative performance of the Institution. Academic Audit is conducted by IQAC once in a

semester. IQAC will be evaluating the Departments on the following Criteria.

1. Theory Course File: The Course file of individual faculty containing study material, assignments.
2. Result analysis
3. Laboratory Course File
4. Personal File
5. Students Attendance registers and Staff Diary
6. Laboratory Stock Books
7. Department Files

IQAC ensures that all the Quality process is in place and the Teaching Staff are fully briefed to carry out their roles as defined in the Process manual. IQAC ensure that records of each semester in the Department are kept accurately and provide feedback to all the Teaching and Non-Teaching Staff to implement the suggestions within given deadline.

Prior to formation of IQAC, as per NAAC requirements, the intended function of IQAC was been performed by an Internal Auditing Committee (IAC) constituted every year. IAC was renamed as IQAC to meet with the terminologies of NAAC.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	<a href="#">View File</a>

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Institute has an IQAC that works towards quality sustenance and enhancement of teaching, research and administration. The IQAC is functional at the individual department level as well as at the Institute level. There is a standing review council, which carries out a quarterly review of progress on various initiatives at department level, and annually at the institute level.

Some of the examples of teaching-learning reforms through Institutional reviews and successful implementation are as follows:

1. TSDP [Total Student Development Program]

As suggested by IQAC TSDP was introduced to enhance knowledge and competence of the students resulting towards opportunities in leading companies and to cope up with the new education system when they opt for post graduate education across the globe.

TSDP model was implemented with 4 methods:

a. Bridge Course

The bridge courses help prepare candidates for the next higher level of learning. At the beginning of each semester gaps are identified in the subjects offered and bridge courses designed and conducted accordingly.

b. Collaborative Learning

An alternative to lecture is to make class more interactive through the use of students as active learners. While the quantity of information that can be covered using a participatory teaching method is less than what can be covered in the same amount of time in a traditional lecture, it is often observed that the quality and depth of information is greatly enhanced.

c. Blended Learning

It is a formal education programme that's made up of in-person classroom time as well as individual study online using educational videos. Each student has a range of different strengths and requirements and a blended learning approach allows tutors to acknowledge this. When they are given the ability to use tools from both traditional and digital spheres, tutors are able to present necessary information in a range of different ways designed to suit the varying learning styles of their students.

d. Project Based Learning

It is a model for classroom activity that shifts away from the classroom practices of short, isolated, teacher-centered lessons and instead emphasizes learning activities that are long-term, interdisciplinary, and student-centered.

2. Video Classes and NPTEL online courses

Video tutorials are important to students because they add another dimension to learning that makes their educational experience more effective. The videos allow a classroom setting to come to life,

offering different perspectives and tools that students might not normally be able to take advantage of in their learning. Through these video classes students are exposed to have a thorough understanding of the processes with maximum impact and encourages them to focus on their project work. A regular schedule for proper utilization of the video theatre indicating the date, time, branch and year of study is prepared at the beginning of the semester.

The students and faculty members are encouraged to register for the NPTEL (National Programme on Technology Enhanced Learning) online courses initiated by IITs and IISc. The IQAC is instrumental in implementing new ventures for enabling the learners, acquiring knowledge beyond the syllabus

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Institution shows gender sensitivity in providing facilities such as: 1.Safety and Security 2.Counselling 3.Common Room

**Safety & Security:** The institute has taken the following safety & security measures:

1.The Institute has constituted Statutory committees like Anti-ragging committee, College Internal Complaint Committee and Anti-sexual harassment committee as per the Visvesvaraya Technological University guidelines. 2.Security: Adequate security measures are at place in the campus and also at the hostel to ensure safety and security of residents. Security has been outsourced to professional agencies. The Institute is well barricaded with boundary wall and with security guards guarding the campus placed at all important locations. The security forces go round the campus at regular intervals of time. Students, faculties and staff associated with the institute shall always wear ID cards for easy identification by the security forces. 3.Safety precautions like First Aid kit, Fire extinguisher are placed in every laboratory and other places where it is required. Each Department and Classrooms are installed with Cameras (CCTV) to prevent any untoward incidences. 4.Students and Faculties entering the campus in two wheelers should wear Helmet and every semester, Helmet awareness week is conducted by the Students Council of the institute. 5.Health center: A part-time Physician and part-time Nurse provide First-Aid facilities during working hours in the Institute. 6.The Institute has an MOU with nearby Cauvery Hospital. Phone numbers of Cauvery Hospital, and nearest Alanahally Police station, Fire station and Ambulance are displayed in the Departments and laboratories notice boards in order to contact during emergency situations. 7.Do's and Don'ts are displayed in each laboratory and students are briefed about the safety precautions to prevent accidents. 8.Awareness programs on fire safety & security like self-defense program for girls are also conducted.

**Counselling :** The Institution has a good Proctor system, where a group of twenty students are assigned to a faculty. The Proctor monitors their performance, advises them, informs them about the institutional rules and informs the parents about their progress through Proctor Dairy and online messages, and if necessary,

through telephonic conversations. Students who are at the risk of dropping out are given special attention and are advised to take the most appropriate decision depending on the number of arrear subjects. The socially and economically disadvantaged students are supported with scholarships. Tutorial classes are also arranged for slow learners and detained students. Every faculty member in the department is associated with 10 to 20 students to counsel their academics as well as the other problems. The faculty members will discuss with the parents of the wards with respect to attendance, academic performance and discipline and report to the HOD & Principal for necessary counseling and suitable action. The Objectives of the Counselling Cell is

To provide counseling to the students facing academic problems. To develop self-motivation among students To identify the slow learners and frequently interact to develop interest in academics.

**Common Room:** For the Students to relax in the free hours, the Institute has two separate common rooms, one for boys and another for girls. All the required facilities for the students are provided in the common rooms.

File Description	Documents

7.1.3 - Describe the facilities in the Institution for the management of the following types of

degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

VVIET is putting efforts towards creating eco-friendly campus. The campus is filled with green trees, lawn. It has taken number of steps to develop eco-friendly campus. The dedicated Gardeners are maintaining the lawn. Hazardous Waste Management Hazardous Waste Management is not an issue for VVIET as it does not have any department that uses chemicals or other hazardous material to large extent.

**Solid waste** The solid waste is segregated as wet and dry waste. Wet or bio degradable wastes are buried in compost pits, which will be later used as manure for the plants in the campus. Dry or non bio degradable wastes are collected by the city municipality.

**Liquid Waste** The institute is planning to set up waste sewage treatment plant in the campus to recycle the liquid waste.

**E-Waste Management** NISARGA has initiated several e-waste collection drives in recent years. Consequently, CDs, handsets, batteries, chargers, USB cables, and earphones are collected in separate bins. These are later sent either to an e-waste dealer or to the collection point prescribed by pollution board. Further, the students are motivated to use e-waste to develop working and non-working models. Several such models are displayed in E & C and E & E Departments. In addition, use of virtual softwares for conducting experiments in E & C and E & E laboratories, have reduced the use of electronic parts, thereby reducing the e-waste. Use of CD and CD drives have been totally eliminated thereby reducing the e-waste.

**Some Other Environmental Initiatives** To instill awareness about environment amongst students and faculties several programs such as World Water day, World Environment day, World Earth day are celebrated on respective days in the VVIET campus. On the basis of a survey, recently carried out, to gauge the environmental friendliness of the institution, responded to by 1521 students, results revealed that 71% of the students have appreciated the efforts as 'Very Good', 24% 'Good' and for 4% 'Satisfactory'. Only 1% of the students surveyed expressed dissatisfaction and felt that there was significant scope for improvement.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Our institution sensitizes the students and the employees to the constitutional obligations about values, rights, duties and responsibilities and constantly works upon to nurture them as better citizens of the country through various curricular and extra-curricular activities. Our institute is affiliated to VTU and curriculum is framed with courses like Constitution of India, and professional ethics and environmental studies for all branch students. The institute celebrates national festivals and inspires the students and faculty by informing the qualities of freedom fighters and to emphasize the duties and responsibilities of citizens. Students perform the cultural activates related to

ethics and responsibilities of human in the society.

Activities are not conducted due to pandemic situation.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title of the Practice: Skill Development Programs** Objective of the practice: Imbibe additional skill sets, attitude and qualities to the students to make them industry ready. Further, certification programs are arranged in collaboration with industries/organizations. The details of department wise value added programs are listed in section 3.7.3 The Context: Beyond the regular university syllabus, will give better exposure about the concepts and latest technologies to the students. In addition to the theory and practical classes Institute also takes the students for field visits, motivate and create opportunity for them to undergo Internship at industries/organisations. To provide them national/international certifications on industry-specific areas to provide them better opportunity for on and off campus jobs. The Practices: These value added programs are planned after verifying with the University curriculum. The skill developments through software training are conducted after completion of necessary theoretical subjects. Evidence of Success: The certification/skill development programs make students learn beyond the syllabus so that their employability or entrepreneurship skills are improved. There is a considerable improvement in the placement after implementation of these programs. Problems encountered and resources required:

The students vacation period is reduced with increase in number of programs Identification of experienced and result oriented trainers well in advance is a challenge.

**Title of the Practice: Parent Teachers Meeting (PTM )** Objective of the practice: Increase the efficiency of the student for better academics performance through timely Proctoring and counseling.

**The Context:** The lack of ability of students, at entry level and to adjust to the professional college environment, newtype of subjects and overcome home-sickness is a real challenge. During the above cited process, the students are over-stressed and feel out of place. To keep them focused during their internal as well as external examinations - Proctoring and counseling facilities are in place at institution.

**The Practices:** The Institute is having dedicated committee of Proctors. Each proctor is assigned about 20 students to be mentored. They are treated as the local guardians for those students and will address all the problems faced by the students. They also provide counseling and guidance during difficult times. Proctors dairies are provided for each student and all the data/information with respect to the student is recorded in the diary. Each meeting proceedings will be entered in the diary to help in monitoring the progress and corrective actions taken.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The distinctive performance of the institute and the main objective of the institute which is aligned with vision of the institute is the excellence in education and research. Teaching - learning process is the main thrust area to achieve excellence in education. 1. Teaching and Learning The Management ensures effective and efficient teaching learning process by providing State-of-the-Art infrastructure conducive to intellectual growth and all round personality development

Providing diverse opportunities by creating Wi-Fi facilities in the campus/hostels Recruiting highly qualified and competent teaching faculty Encouraging the faculty to do higher studies Promoting professional development of faculty by providing support to undergo refresher courses to equip themselves in using modern

pedagogical tools. Pursue doctoral programs Attend and organize National and International Seminars/conferences and also to publish papers Academic Calendar well in advance before the start of the semester, considering Govt./University holidays.

It includes specific dates for conduction of three theory Internal Assessments (IA), lab IA, co-curricular & extra-curricular activities, student counseling. Subjects are allotted to the faculty members for the forthcoming semester immediately after the end of the previous semester looking into the faculty specialization, experience and workload. Contact hours is maintained as per university scheme The Faculty members adopt group discussions, relevant videos, seminars, mini projects, case studies, PPTs, real time examples, simulations, Quizzes, depending on the course and the situation create the best learning environment for the students to make them think critically. Tutorial classes are conducted for mathematical subjects. Each class room is equipped with LCD projectors, & furniture to have a conducive ambiance. Institute has seminar halls and an auditorium with state-of-the-art facilities. An excellent library, digital library facilities are made available. Career Guidance training programs are conducted for students to help them explore various career options.

As a result students have performed well in examination.

### 1. Research and Development

The Institution is creating a very amiable atmosphere to the faculty members to involve themselves in research activities to face the challenges of the modern world. The Institution has established Research and Development Cell to promote research attitude among faculty and students with the following activities.

Teachers are encouraged to submit more research publications and projects Eminent scientists and speakers are invited for talks

Industry stalwarts are invited to interact with students and provide exposure to help them develop entrepreneurial skills Recognized research centre for CV, ME, EEE, ECE, CSE, MBA, Physics, Chemistry & Mathematics Motivating them to attend seminars, workshops, refresher courses and International/National Conferences Publication of papers in national and international journals. Providing the facility of VTU consortium for subscription of online journals

Decentralization & Empowerment through various committees.

2. Centre for Skill upgradation 3. Industry-Connect Cell 4. MOU with industry for skill upgradation Departments recognize toppers of every semester and mementoes are give as token of appreciation.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The VidyaVikas Institute of Engineering and Technology affiliated to Vivesvaraya Technological University has governing Council constituted as per the norms of the University. The IQAC Cell provides guidance in all aspects for the institutional development (infrastructure, starting of new courses, criteria for education). The Institution meticulously develops action plans for effective implementation of the curriculum and highest priority is given for academics. At the outset, Principal regularly conducts meetings with various department heads to develop strategies for effective implementation of the curriculum. Teachers are encouraged to impart the curriculum through innovative teaching methods including power point presentations, assignments, discussions, workshops, seminars, industrial visits, Technical Quiz, e-learning apart from regular/traditional chalk and talk methods. Infrastructure requirement for all laboratories is provided and upgraded as per the syllabus/scheme of the university. Now the focus has been shifted on effectively utilizing teams platform and smart boards to effectively carry out teaching and learning activities. The academic calendar of the Institution adheres to University COE and reflects various curricular activities planned during a semester/year which is usually proposed by all departments prior to commencement of a semester. Lecture Plans - The lecture plans along with lecture notes are prepared by the faculty members well in advance for all their corresponding allotted subjects before the commencement of the semester. These are duly reviewed by respective heads of the department and periodically inspected by Academic Audit Committee (AAC). Department Calendar - All departments prepare Department calendar inline with Academic Calendar of the Institution.

Laboratories - Laboratory manuals for all the concerned laboratories of the departments are developed by the senior faculty of the respective Departments.

Proctor Committees - Minimum of 4 Proctor meetings are conducted in a semester on periodic basis. Also the meetings will be conducted whenever there is a requirement. The Proctors

review the grievances, if any, and suitable remedial measures, as and when necessary will be suggested.

Meetings - The Department meetings and Academic Coordination Council meeting will be conducted every month to deploy the action

plans in an effective manner.

- Regular departmental meetings of Class Teachers, Class representatives, Parents Teacher-meetings will be conducted at regular intervals to take suitable measures for the effective monitoring and implementation of the academic process.

- The syllabus, question papers, notes, NPTEL materials, PPTs, lab manuals and videos for each subject are provided by the faculty to the students.

- Student feedback is taken twice every semester to facilitate analysis and corrective measures to be implemented.

- These seminars, assignments, internal assessments, unit tests with respect to the corresponding subjects as planned in the academic calendar are monitored by the Department Heads.

File Description	Documents
Upload relevant supporting document	<a href="#">View File</a>
Link for Additional information	Nil

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Assessment is the systematic collection and analysis of information to improve student learning". Internal assessment is a crucial part of the instruction process which aids in evaluating student progress and enhances the examination writing skills. Assessing students at several points during the course provides a better indication of student achievement than single, final assessment. Internal Assessment is scheduled and conducted based on the Visvesvaraya Technological University, Belagavi, Regulations Governing the Degree of Bachelor of Engineering/ Technology (B.E/B.Tech) and guidelines. The Examinations Section of the institute provides a centralized service to

ensure efficient, consistent and high-quality conduct of Internal Assessment across all departments of college. It coordinates among all departments for planning and conduction of IA and address any grievances or difficulties related to Internal Assessment. The department Internal Assessment Coordinator will manage the development and implementation of assessment and coordinate the in collection, evaluation, and dissemination of all academic, support, and administrative units related to IA.

The roles are

- Preparing IA schedule.
- Allotment of rooms and invigilators based on their work experience.
- Collecting blue books, question papers, scheme and solution as per schedule
- Required number of photocopies of the question papers has to be taken by IA Coordinators
- Recording absentee details.
- Display of IA and attendance as per the calendar of events
- VTU IA entry/approval
- Submission of attendance as per VTU format-I II.
- After every IA the consolidated marks have to be mailed to all the proctors.

The department Academic Committee will review the Internal Assessment question paper prepared by course coordinator and suggest corrections or inputs for improving the quality of question paper. Department squad team will ensure that Internal Assessment is conducted smoothly as per the rules and regulations of the Institution during each session of Internal Assessment to avoid the malpractice.

**1.3 - Curriculum Enrichment**

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

To integrate the crosscutting issues like gender, climate change, environment education, human rights, ICTetc. positively into the curriculum, the Institution has established various activities/committees.

University, recognizing the importance of the above issues, these topics are included in the regular curriculum. Institute gives equal preference for both the genders in all disciplines by accommodating male and female faculty and students in all the committees formed in the Institution. It is evident from the gender ratio as male to female in faculty as 55:45 and in students 61:39 (UG) and 47:53 (PG). Students Welfare Committee and Redressal Grievance Cell will address the sensitive issues regarding the woman's right and security. Disciplinary committee will guide in administering the rules and regulations governing academic and non-academic misconduct

and for assessing reported violations and when necessary, for assigning appropriate penalties. Women Sexual Harassment Cell addresses the issues related to girl students and makes the Institution campus a safe place for the girl students. To boost the morale of the women students, accomplished women of repute are invited to the campus to highlight about their achievements and share their experiences on occasions like engineer's day, teacher's day, women's day etc. Foundation course on computers and technology will make the students a part of global information system and enhances their employability. Environmental studies and Constitution of India, Professional ethics and human rights, Kannada and English are studied as subjects by the students to integrate the crosscutting issues like gender, climate change, environment education, human rights, ICT etc. positively into the curriculum, the Institution has established various activities/committees.

<b>2.2 - Catering to Student Diversity</b>	
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners	
Response: After the students get admitted to the institution, orientation programs is organized for the freshers to helpthem understand the engineering curriculum. Introductory lectures for all the subjects are devoted todiscuss and understand	

special needs of the students. Students are categorized based on their previous qualifying examinations marks, assessment test, class room performances and personal performance.

Assessing the students based on internal examinations helps to identify slow learners and quick learners.

**Methodologies to Encourage Advanced learners:** The bright students are identified from their participation in classroom discussion, performance in the assessment tests, and performance during the oral examination, participation in classroom, seminars, questioning ability, University result analysis etc. Bright students are provided with additional study materials and they are encouraged to act as peer guides for their classmates.

HOD and proctors continuously mentor students. Class toppers are honoured with prizes and certificates. The bright students are encouraged to participate in symposia, workshops and seminars to gain knowledge on the latest developments. Toppers Names & photos are published in Department Notice Boards, Newsletters & College magazines. The bright students having high academic track records are encouraged by faculties to achieve university ranks, also encouraged to take up competitive examinations like GATE, TOEFL, GRE, RRB, SSE etc.,

**Methodologies to Encourage Slow Learners:** If the students are slow in their learning process, the mentor who is acting as the guide and philosopher finds the nature of their problems and motivates them in a friendly way to reach particular academic goals. To improve on their academic performance, extra classes with separate time table are organized to clarify the doubts and explain the difficult topics.

### 2.2.2 - Student- Full time teacher ratio (Data for the latest completed academic year)

Number of Students	Number of Teachers
1756	113

File Description	Documents
Any additional information	No File Uploaded

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The learning is made student-centric by following measures: Advance information is given about topics to be taught in the next class so that the students can come prepared for active discussion with teachers.

- Giving home assignment and project work and following up.
- Add-on courses to help in developing special skills relevant to the industry requirements.
- Library, internet facility for value addition.
- Availability of learning resources through CDs and DVDs.
- Use of video clips, model to enhance audio visual effect.
- Arranging field/industrial visits.
- Conducting sessions like group discussion, seminar, quiz, poster presentation, group projects to make the learning more interactive.

Special software has been introduced to keep record of attendance of students and track irregularities.

- Case study methods/role play/group presentations.
- Use of social media like whatsapp, facebook and Twitter is used to spread technical and current affairs.

The Institution concentrates on making the students as original thinkers. Faculty members motivate

them to participate in various technical festivals so as to encourage the artistic temper among the students. Due to these types of activities the students can think on their-own and develop creative projects which will be useful for them in their career. The students are encouraged to present their creative thinking in various national symposia/conference and publish their work in national/international journal/conference proceedings. The long list of prizes won by our students in technical festivals, project expos, paper presentations and other state level competitions bears a testimony to it.

Student project grants sanctioned by KSCST. A habit of life-long learning is imbibed by motivation and providing learning spaces, access to online courses and connectivity with industry experts. Students are motivated and guided to build up models which can develop their creative thinking and better understanding

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

It has been proven that the use of ICT in the classroom increases the motivation of the students, showing more interest and becoming more involved in the areas they study. ICT enables the use of innovative educational resources and the renewal of learning methods, establishing amore active collaborationof students and the simultaneous acquisition of technological knowledge.

Furthermore, ICTs are of great help indeveloping discernment. Being able tosearch for various sourcesand contrast them, as well as tostructure informationare some of the most notable skills that students develop thanks to the use of ICT. But there are more advantages:

1. Their interest in learning grows: the use of resources as varied as videos, websites, graphics, and games make traditional subjects more interesting. Multimedia content is a very useful tool to bring different subjects closer to students in a complete and entertaining way.
2. Interactivity: the use of ICT in the classroom promotes the student's active and participatory attitude, which is involved in learning and is positioned as the protagonist.
3. Collaboration between students: Collaboration between students is clearly enhanced thanks to various digital tools. It is much easier for them to create team projects, cooperate and learn from each other.

4. They enhance creativity: ICT tools stimulate the development of the imagination, as well as the initiative of all class members.
5. Personalization and content up-to-date: digital environments allow real-time updating of all information and resources. In addition, it is possible to adjust the tools and content to local and nearby realities.

#### 2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The institution makes appropriate & effective changes in the internal evaluation system w.r.t the changes that are happening at the university level with each scheme change for UG and PG programs. Through interactions & circulars the changes made are informed to the students well in advance.

CBCS SCHEME (2017 scheme) 1. Three Internal Assessments are conducted for each theory course as per calendar of events. The syllabus is divided into three portions and each portion is covered in an internal assessment. The students are informed about the syllabus portions for CIE tests well in advance. There are 40 marks earmarked for CIE, out of this 30 marks is awarded from the average of three internal assessment tests and 10 marks are awarded based on the performance in the assignment/module Tests/seminars/mini-projects etc. 2. It can be seen in this scheme in addition to making the students learn entire syllabus and all the three tests mandatory, weightage is given for assignment/module tests/seminars/mini-projects etc., thus making CIE meaningful

CBCS SCHEME (2018 scheme) 1. Three Internal Assessments are conducted for each theory course as per calendar of events. The syllabus is divided into three portions and each portion is covered in an internal assessment. The students are informed about the syllabus portions for CIE tests well in advance. There are 40 marks earmarked for CIE, out of this 30 marks is awarded from the average of three internal assessment tests and 10 marks are awarded based on the performance in the assignment/module Tests/seminars/mini-projects etc. 2. It can be seen in this scheme in addition to making the students learn entire syllabus and all the three tests mandatory, weightage is given for assignment/module tests/seminars/mini-projects etc., thus making CIE meaningful

The institute expects a document as proof of attainment of course and program outcomes. This depends on several factors including course outcomes of the course, program outcomes, and level of mapping of COs with POs, quality of questions asked in internal examinations and assignment to achieve the outcomes. To have a common procedure to set the quality questions, following guidelines have been proposed:

Step 1: Department Internal Assessment (IA) committee consisting of at least four members is constituted which will look into the authenticity of the question paper. The committee consists of four members: i) Head of the department as

Chairperson ii) One senior faculty as member. iii) Two IA coordinators as members Step 2: IA coordinator will announce the IA Dates and circulates the guidelines to prepare the IA question papers. Step 3: The IA coordinator requests for the submission of IA Papers and scheme of evaluation one week before the commencement of IA and the same shall be submitted to HoD for scrutiny. Step 4: The Internal Assessment (IA) committee scrutinizes the IA Papers. Step 5: IA conduction as per the schedule. Step 6: The faculties after every internal assessment test evaluate the answer scripts as per Evaluation guidelines and will also explain the solution of the questions in the class, which will enable the students to perform better in the final examination. Step 7: The IA coordinator will display the IA marks on the notice board. Step 8: The same process is followed for all the internal assessment tests.

Guidelines for Setting Question Paper

1. The questions set shall depend on the course outcomes of that subject/course and level of revised blooms taxonomy. 2. The course outcomes can be set correlating to the modules of the course so that it becomes easy to assess and compute the attainment. 3. Question paper should be framed such that same course outcomes are attained as per VTU in case of choice between the questions. 4. Question paper should be set according to the VTU Examination paper pattern. 5. Marks shall be allotted as per the VTU guidelines. 6. The questions set in the question paper should indicate the COs, POs and Revised Blooms Taxonomy level.

Evaluation Guidelines

1. After every internal assessment, the faculties explain the solution of the questions in the class, which will enable the students to perform well in the final examination. 2. For any genuine reasons, if a student was unable to perform well in the given three internal assessment tests, improvement test is given to him/her. 3. The average of the marks obtained from any best two internal assessment is chosen for the award of internal assessment marks as final marks to VTU Web portal. 4. If a candidate remains absent for all the internal assessments conducted, the Internal assessment Marks are marked as "Absent" in the result.

### 2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The redressal of grievances regarding evaluation in both internal assessment and university examination is through the following process: Internal Assessment All grievances regarding evaluation, including the internal assessment marks awarded for the students, can be clarified with the concerned faculty. If the grievance cannot be addressed by the course faculty, the student has the option to approach the Head of the Department. Discrepancies if any are treated with seriousness and adequately addressed depending on the nature of the problem. For maintaining transparency, after the assessment of each internal assessment, detailed scheme and solution for each subject is announced on the notice board. Students will go through the same and approach the concerned faculty for possible deviations in the allotment of marks. Scheme and solutions prepared by the faculty members are validated by Heads of the department. Internal assessment marks obtained will be announced on the department notice board after one week of internal assessment conduction.

End Semester Examination If the grievance is about the end semester examination results conducted by the university, the Institution assists the students by helping them to apply for reevaluation to the office of the Registrar (Evaluation) of the affiliated University through EMS Co-Ordinator of each department of the Institution. As per the university communication from time to time, students can apply for reevaluation. Students can apply for the reevaluation within the stipulated period, by depositing the reevaluation fee. University authorities get the answer sheets reevaluated and then the reevaluation results of the students is declared. In addition to this, the university makes arrangements for issuing photocopies of their answer scripts to the students. This allows the students to consult competent faculty to ensure fairness of Evaluation.

### 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Direct assessment of both theory and laboratory courses through internal assessment & semesterend University examinations  
Course instructor defines the course outcomes using Revised Bloom's taxonomy. The Department Accreditation Committee and the Course instructor review the Course Outcomes(CO). Each Course Outcome is mapped to Program Outcomes in terms of relevance . Three levels of relevance are used. 1 for low, 2 for medium and 3 for high level of correlation. The contribution of a course to each PO/PSO is expressed in terms of average relevance of CO mapped to that particular PO/PSO

Upload COs for all Programmes (exemplars from Glossary)	<a href="#">View File</a>

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The following methodology is used to measure the attainment of course outcomes. The attainment levels for courses are set based on the previous performance. Each course may have different targets & attainment levels set by the respective course instructors. Setting the three attainment levels will help to determine the extent of attainment of each course outcome against the set target. The attainment is measured in terms of actual percentage of students getting the set percentage of marks. Course Outcome Attainment: Attainment through University Examination: Substantial i.e. 3 Attainment through Internal Assessment: Moderate i.e. 2 Assuming 80% weightage to University examination and 20% weightage to Internal assessment, the attainment calculations will be (80% of University level) + (20% of Internal level ) i.e. 80% of 3 + 20% of 2 = 2.4 + 0.4 = 2.8. Theory Courses Target 40 marks (50% of 80 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks Theory courses: Internal

**Assessment**

Target 12 marks (50% of 20 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks

Laboratory Courses Target 40 marks (50% of 80 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks Laboratory Courses: Internal Assessment Target(15 Scheme) 12 marks (50% of 20 marks) Attainment Level 1 50% students scoring more than 50% of Maximum marks Attainment Level 2 60% students scoring more than 50% of Maximum marks Attainment Level 3 70% students scoring more than 50% of Maximum marks

If the target is achieved (i.e., attainment level 3 is achieved) for a course, then the course outcomes are attained for that year and hence the target is raised reasonably (approximately 5%). If the target is not achieved then an action plan is to be specified to take further action to attain the target in the following year The final attainment is computed as given below Course Outcome Attainment =  $0.8 * AL$  in University Exam +  $0.2 * AL$  in Internal Assessment. (Where, AL = Attainment Level) Course attainment=  $0.8 * Course Outcome Direct Attainment + 0.2 * Course outcome indirect attainment$  To know the effectiveness of the delivery internal assessment (IA) mark is conducted on a regular basis (average of 2 internals out of 3 internals per semester). Internal assessment marks for theory and labs is out of 20. The university will conduct external examination after every semester for theory (80 marks) and lab (50 marks). Indirect assessment tool Feedback forms are collected from alumni, students and employers to assess the effectiveness of each program

### 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

#### INNOVATION ECOSYSTEM

The institution has initiated many measures in promoting research activities and created an ecosystem for innovation through incubation center. The institute has a dedicated Research and Development Cell which aims at nurturing research culture in the College by promoting research activities. It encourages the faculty and also the students to undertake the research in emerging and new areas of Engineering. This is promoted through enhancing the general research capability by way of participating in conferences, seminars, workshops, project competitions, etc. The institution has New Age Incubation Network center (NAIN) to promote and encourage the students to involve in innovation and research.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The college organizes a number of extension activities to promote institute-neighborhood community to sensitize the students towards community needs. The students of our college actively participate in social service activities leading to their overall development

VVIET has the following Student Council Committees: Technical Council, Cultural Council, Career Guidance Council, Sports Council & Community Service Council. Institution involves the faculty and students in community network. This helps the students to learn ethical values and understand their responsibilities, and develop as good citizens, in service orientation and their holistic development. Social activities like blood donation camps, tree plantation, helping for wiring of computers in government schools and climbathon are organized by the students. Faculty members and students visit the social organizations and help them by donating the materials as per need (Computers, blankets, food etc) Students

regularly publish the articles in the newspaper which help toliterate the common citizen of developments in technology. The student community is being benefited by implementing governmentreservation schemes andoffering good scholarships for both merit andeconomic basis. The major strength of the Institutionis its ability to ensureholistic development of students to make them responsible citizens byteachingthem the moral values. Institution provides quality based educationto the students by inculcating moral values, scientific temper and employingstate-of-the-art technologies. It aims to pursueexcellence towards creatingstudents with high degree of intellectual, professional andculturaldevelopment to meet the national and global challenges.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

**Response:** Considering the main aim vision and mission of the institute adequate facilities for teaching learning processes in terms of classrooms, laboratories equipment and computing facilities have been provided as per AICTE and VTU norms.

#### Classrooms

The Institution has sufficient number of well-furnished, well ventilated, spacious classrooms as per AICTE norms with respect to carpet area, lighting and ventilation. All Classrooms are provided with multimediacomputers for interactive sessions. Laboratories: All laboratories are well equipped, as per AICTE norms with respect to carpet area, lighting and ventilation. The laboratories are used not only for carrying out curriculum-oriented experiments, but also carry out project based activities. Seminar Halls: The Institution has three seminar halls each with capacity of 150 seats and a boardroom to conduct meetings. All are equipped with LCD projector, white board and public address system. Auditorium: The Institution has well furnished state of art auditorium with a seating capacity of 450. All the college events are regularly conducted in this auditorium. Tutorial classrooms: Each department has tutorial classrooms to guide students in smaller batches in

order to clarify their doubts and queries on individual basis. Student council room: The institution has a student council room which helps to share their ideas and interests related to collegewide activities. Research center: The Institute has set up eight Research Centre affiliated to VTU in the Department of CSE, ECE, EEE, ME, CV, MBA, Physics, Chemistry and Mathematics. The Institute is providing special infrastructure for research scholars as per the project requirement and encourages innovations to carry out research activities. College also encourages innovative projects through research.

Computing Facilities 1. There are over 494 desktops and 30 laptops for computation and related activities. Sufficient Printers and Scanners are available in the departments and laboratories. All the computers in the institution are networked with servers. 2. All the Computer Laboratories are connected with uninterrupted power supply (UPS), so that the students and staff can access the computers without any interruption. Power generators with a total capacity of 120 kVA for power back-up.

3. The Institute provides internet connectivity of bandwidth 40 Mbps (1:1) with access points for Wi-Fi facility all over the campus. A dedicated computer center with 30 desktops is provided for browsing & accessing E-resources besides computer labs.

Specialized facilities and equipment for Teaching, Learning and Research: The Institution has an exclusive language lab equipped with audio and video facility. Apart from the central library, each Department has a separate Departmental library with reference and text books. E-learning facility is provided covering a wide set of applications and processes, including computer based learning and virtual labs learning. For self learning, reference books in all the subjects are available in the Central Library. Separate common room for boys and girls are available in the campus.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

Response: Sports activities occupy a significant part of the extra curricular activities in VidyaVikas Institute of Engineering and Technology. The College provides facilities to conduct indoor and outdoor sports, games and cultural events. It facilitates training for the students and encourages them to participate in the Inter-collegiate, University, State, National and International level competitions. Large play grounds support a wide variety of games such as Cricket, Football, Volleyball, Hockey, Kho-Kho etc. All Departments of the Institute organize Inter College sports events.

Horse riding: Horse riding facility is provided by the institute. It is opted as a passion by the students.

Sports (Outdoor and Indoor games): Students are encouraged to take part in sports activities. College teams are formed to take part in University level competitions and other intercollegiate competitions. Sports competitions are conducted at the Inter Departmental level every academic year and the winners are awarded. Two qualified Physical Directors have been appointed to look after the day to day games and sports activities of the college. Playgrounds/courts are available for outdoor games such as ball-badminton, Shuttle-Badminton, Volleyball, Throwball, Cricket, Football, Kabaddi, Kho-Kho, Basketball, Handball etc. A well maintained tennis court is in place for the Tennis Enthusiast. The separate indoor games facility for Table-Tennis, Carom and Chess are used by the students regularly. The Institution has won several championships in VTU. Our staff and students have represented the Institution at the National and International level and Excelled in many games. Cultural Activities: Students are encouraged to participate in cultural events across the city in various Intercollege activities, across state and also corporate events like Infosys etc. Inter Departmental competitions are conducted to enhance the talents of students. A qualified and experienced cultural coordinator is nominated to monitor and train students for the cultural events. "Vistaara" Students Council of Vidya Vikas Institute of Engineering & Technology and the Cultural Fest Gravviety (two-day annual cultural extravaganza) provides fabulous opportunity for the students of various colleges of Mysuru region to exhibit their talent with uniqueness and magnanimity. In the cultural fest, many cultural and literary events are conducted for the students. Outdoor facilities 200-metre Athletic track Equestrian facility Court for Basketball Volleyball Handball Cricket Ground Throwball.

**4.2 - Library as a Learning Resource**

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Institution has resourceful library which is accessible to

all categories of users. The library has three floors. This area is divided into Book Section, Reading section, Discussion Rooms, Digital Library, property counter and Newspapers Section. A Reference section is provided to refer reference books, competitive exam books, novels, journals, old volumes of periodicals, newspaper clippings & project reports. For convenience of the users, the books & interrelated subjects are systematically arranged section wise in the book-shelves. Open access system is followed which allows users to have direct access to the bookshelf & can locate the books of their interest without any difficulty. Location of books is made easy with the help of rack index provided on each rack. Assistance of the library staff can be taken whenever necessary. The library at the time of admission/joining issues library card to each student, which will allow them to have access to the library. At a time the borrower can borrow three books, two periodicals, and two magazines, Two CD/DVD for a period of two weeks and they can also renew and reserve the books. Similarly the faculty members can borrow six books, periodicals, and two magazines CD/DVD for a period of one semester and they can also renew the books. Reference books are issued to students for overnight use and also these books are issued for photocopy against deposit of their Institution identity card and the same has to be returned within a hour. For security reasons, the user has to deposit their belongings in the property counter, before getting access to the book-shelf. In the Library, surveillance cameras are installed to avoid any theft, damages etc. The E-resource access facility is provided across the campus. Apart from this, one computer is provided to access Online Public Access Catalogue (OPAC). Two computers are used by the library staff for circulation, accessioning, cataloguing, periodicals maintenance, requisition, budgeting and acquisition, usage & reading analysis, bar coding generation, report generation, searching etc. The library has High Speed internet connectivity via Broad Band. In the Library students/staff can take document scanning during working hours. Reprographic facility is available in the campus. Institutional Repositories like syllabus, previous years question papers, Faculty publications, etc., can be accessed by students and staff by using Dspace digital software is available. The library is neatly laid out over an area of 575.36 sq.m. During the last four years library has made following developments: Enriched library with latest, need based collections Extension to another floor Fully automated with standard library software Newgenlib Institutional repository building (using DSpace Software) Digital Library

### 4.3 - IT Infrastructure

#### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

**Response:** The Institute has an internet connectivity of bandwidth 40 Mbps (1:1) which is provided by M/S Yeshtel [Yashas cable network pvt. Ltd. Mysuru] and has six wi-fi access points currently available in Principal room (1 access point), Office room (1 access point), NAIN Centre (2 access point) Girls Hostel (2 access point) and in Boys Hostel (2 access points) 494 computers are provided in the campus with centralized computer lab facility maintained under one common system admin. Presently we avail internet connectivity speed of 40 Mbps. A Separate team with in-house staff is formed to take care of the IT and related needs of the campus like software development, hardware and networking, email solutions etc. All the system labs and Admin blocks are provided with UPS facility.

Name of the Internet provider Yeshtel [Yashas cable network pvt.Ltd.] Available band width 40 Mbps WiFi availability Yes, Entire Campus Internet access in labs, classrooms, library and offices of all Departments Yes Security arrangements Yes, Untangle UTM

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college is maintaining the infrastructure in terms of building maintenance, transport, furniture and autostart generator in case of power shut down. Separate team of Persons ensure the maintenance of various services like electrical, plumbing, housekeeping etc. Concerned lab instructors will report regularly about the breakage of instruments and devices

to the higher authority so that the damaged instruments will be immediately replaced. Regular cleaning and up keeping of the laboratory equipments is monitored by the lab instructors and faculty member in-charge of the laboratories. The annual budget and allocation of funds, along with monitoring of utilization of funds for maintenance ensures the improvement of the infrastructure of the Institution. Annual maintenance contract (AMC) is availed for critical and sophisticated equipments. The members of the Computer Maintenance System (CMS) cell will fix the computer hardware/software and network connectivity related issues. The estate office consists of an estate officer, maintenance engineer, electrical supervisor, electricians, civil supervisor and workers, gardeners, carpenter, campus supervisor, housekeeping staff, plumber, RO plant technician, lift operator to carry out routine maintenance of mechanical and electrical services. In addition to this, technicians designated as lab instructors are also available in all departments to attend to the needs of students and staff in laboratories.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )

**BOTTOM UP APPROACH** 1.The process for recruiting the Student Council is based on the interest of the Student in the particular Team. 2.When a vacancy on the Student Council exists, either due to resignation or removal, the Head of the Institution may fill the seat by the appointment of an eligible student from the same campus as the successor, these appointments will be for one year term. 3.The Heads of the Department will select the representatives (05 Male and 05 Female) of each individual Team and out of which a male and a female coordinator is chosen. 4.The Head of the Institution will select the male and female convener of that particular team from the coordinators of each Team. 5.Finally the Head of the Institution will select the Chair-1 (Male) and Chair-2 (Female) who is active and has Leadership qualities among the Conveners (Male and Female) of each Team.

Once in every month, the Head of the Institution conducts meetings with Chair, Co-chair, and Coordinators of the Students Council to discuss about

Discipline in the Campus Initiatives in disseminating Vision, Mission of the Institute.Measures in preventing ragging in the Campus. Outreach in enhancing Technical, Sports, Placements, Cultural and Community Service Activities.

Selection of Class Representatives: The Institute has common procedure to select the class representative in each Department. 1. The Class teacher will be assigned for conducting the process of selection for each class. 2.The Selection process of class representatives shall be conducted during the starting day of class. 3.The Class teacher will brief about the roles and responsibilities of class representatives and also the process of selection to the students. 4.Two CRs from each class - one male and one female will be selected by the class teacher. 5. Based on the academic background, active participation in Co-Curricular and Extra Curricular activities,the Class Representatives will be selected. Roles and Responsibilities of Class Representatives A class Representative shall: 1. Act as liaison between the students, staff and HoD 2. CR's help in achieving good rapport between students and staff members 3. They represent their class in all academic, co-curricular and extra curricular activities 4. The class representatives help in maintaining discipline in their respective classroom. 5.The class representatives also ensure there is no ragging in the campus The active role played by the students in various bodies of the Institute is clearly demonstrated in the abovementioned activities.

#### 5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The alumnus forms the major strength of the institution. The alumni meet is conducted once in a year, to interact with alumni's and provide a platform to share the new technology, innovative idea with the students where the alumni from different branches of the undergraduate and post graduate programs share their views and give suggestions for the betterment of students

Every Saturday, each Department will be inviting five alumni's to the Department and each alumni will be allotted five pre-final year students. Each alumni will guide student on resume preparation, How to face the Interview, Skill sets, Group Discussion, project development etc.

The alumni visit the Institution to deliver guest lectures and seminars for the students in their areas of expertise and motivate the young minds. Successful Entrepreneurs from the alumnus are invited to talk on their success stories at various occasions of the Institute. The alumni also help the final year students of the various streams of engineering, business administration and computer applications to get their project placements and summer internship in their companies or to assist them to get it through their reference.

They also assist the students for placement in public and private sectors. The Alumni meet provides a platform for the Alumni's of the department to meet and provide the information to the students and society.

<b>GOVERNANCE, LEADERSHIP AND MANAGEMENT</b>	
<b>6.1 - Institutional Vision and Leadership</b>	
6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution	
<p><b>VISION</b></p> <p>Our vision is to provide learning opportunities, ensuring excellence in education, research and facilitate aninspiring world class environment to encourage creativity. The Institute is committed to disseminatingknowledge, and through its ingenuity, bring this knowledge to bear on the world's great challenges. VVIETis dedicated to providing its students with an education that combines academic study and the excitementof discovery kindled by a diverse campus community.</p> <p><b>MISSION</b></p> <p>Offer highest professional and academic standards in terms of personal growth and satisfaction, andpromote growth and value to our research sponsors.Provide students a platform where independent learning and scientific study are encouraged withemphasis on latest engineering techniques.Encourage students to implement applications of engineering with a focus on societal needs for thebetterment of communities.Empower students with vast technical and life skills to raise their stakes of getting placements intop reputed companies. Create a benchmark in the areas of research, education and public outreach.The Institution has embarked on a transformative phase of this journey, as embodied in the Visiondocument, a journey</p>	

that seeks to transform VVIET into a research focused Institute continuing to offer educational programmes of the highest levels of excellence, with deep and pervasive knowledge to bear on world's greatest challenges. The Vision journey has been visualized through 'Mission Programmes'. These mission Programmes focused on various thrust areas like - Academic Programmes and Pedagogy, People, Research and Consultancy, Campus Life, Infrastructure and Facilities, Faculty and Staff Development, Industry Engagement, Innovation and Entrepreneurship, Interdisciplinary Research, Quality Assessment and Assurance. To fulfill the various thrust areas management at VVIET involves faculty, staff members and students contributing to educational administration at various levels based on their nomination for a particular role. The departmental Heads are responsible for the functional activities of the individual disciplines and departments. Individual faculty members can contribute in the capacity of nucleus members of these divisions. Each Class is also represented at various administration committees by elected members of student council and Class Representatives. All functional units are adequately supported by non teaching staff for its various activities. In addition, administrative professionals are also employed for domains where special functions like placements, IT, Finance, HR, etc.. require specific domain knowledge. Apart from these the Institute has various other committees like, Anti-ragging, IQAC, Research , Test & Examination, Student Council and Grievance Redressal Committee. Review of these governance structures is done periodically and changes are made to ensure smooth working of VVIET, a diverse campus community.

File Description	Documents

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Four Committees, viz., Finance Committee, Infrastructure Committee, Staff Committee and Purchase Committee supports the management. Decisions in each of these four areas are taken by

the respective committees adhering to the action plan (work plan). The Management regularly interacts with the Principal to review the implementation process of the quality plans. The Principal intends to develop and ensure effective conduction of educational programs and promotes improvement of teaching learning in the Institution.

A bottom up approach is used seeking the requirement, then planning to fulfill the requirement.

There are four levels of participation

Student through the Student Council

Faculty level through regular teaching learning progress

HODs and Deans level

Management level

Ex: Sports and Cultural team of Student Council plan the annual events and is reviewed by the committee. Similarly, Trainers and contents for aptitude and verbal training courses are decided by the council.

Departments, being the fundamental academic building blocks of the Institute, led by their respective Heads work in a highly collaborative manner amongst other divisions and ensure excellent instructions, high quality research, and useful practical experience to students. Certain functions are led independently by officers or faculty-in-charges. Majority of faculty members participate in activities of academic administration supporting various administration groups. Decision is evolved after extensive consultation with all stakeholders including students, staff, parents, and faculty members. Multiple level discussions culminate in final decision by consensus and approval of the concerned apex body. All new plan implemented follows assessment process to know the success of implementation and assessment for level of success.

Head of the Department is accountable for smooth execution of academic activities of the department. They delegate important academic activities to the faculty members, conduct department meetings regularly to finalize the requirements of the departments such as equipments, consumables, books and journals. HODs submit the requirements to the principal for approval of

the Management before the beginning or at the end of the academic year for processing and procurement . The management, in finance committee meeting draws and approves current year budget for each department and is communicated to departments through the principal. Various functional committees are formed every year with clear specific functional responsibilities. The conveners of these committees are responsible for its successful functioning. The quantum of work and the nature of job for committees are assigned to the staff concerned. Thus, the Institution's decentralization decision provides authority and operational autonomy to the committees. HOD's are empowered to select competent candidates as faculty members for their department.

The institute has made progress in the last 4 years as most of the decisions that were taken in the Academic Co-ordination Council (ACC) meetings have been implemented successfully after consulting faculty, students and Management wherever required. Some of them are

1. Improvements in teaching-learning process
2. Internships
3. Value Added Programmes
4. Research Funding
5. Laboratory upgradation
6. MOUs with Industries

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The Institute is planning strategically every year for its development. One of the successfully implemented Strategic Plan is Results improvization, Research Fundings and infrastructure expansion.

The Institution has a good Proctor system, where a group of twenty students are assigned to a faculty. The Proctor monitors their performance, advises them, informs them about the institutional rules and informs the parents about their progress through Proctor Dairy and online messages, and if necessary, through telephonic conversations. Students who are at the risk of dropping out are given special attention and are advised to take the most appropriate decision depending on the number of arrears subjects. The socially and economically disadvantaged students are supported with scholarships. Tutorial classes are arranged for slow learners and detained students. The Results have improved drastically since last 4 Years

The Institution is creating an amicable atmosphere to the faculty members to involve in research activities to face the challenges of the recent trend. The Institution has established Research and Development Cell to promote research attitude among faculty and students with the following activities.

Teachers are encouraged to submit more Research projects to different funding Agencies. Industry experts are invited to interact with students and provide exposure to help them develop entrepreneurial skills. Eminent scientists and speakers are invited for Technical talks. Motivating them to attend seminars, workshops, refresher courses and International/ National Conferences. Publication of papers in national and international journals.

In the year 2016-17, VGST had Sponsored 30 Lakhs for Research Project to Dr. Padmini, Professor & Head, ISE. In the Year 2018-19, Government of Karnataka has sponsored Rs 1,20,00,000/- for Incubation Centre.

This clearly demonstrates the implementation of the strategic plan successfully by the institute. Strategic growth of expansion plan (physical infrastructure) is set in order to meet increase in number of students / faculty / non-teaching staff. The enhancement of infrastructure and reinforcement of the existing infrastructure on a continuous basis consistent with growing needs of our institute are set as a top priority. Further, as technology advances, the existing infrastructural facilities are constantly updated. Relinquishing and elimination of obsolescence is also paid sufficient attention.

Management conducts the meeting with principal along with HOD's

to ensure consistency in academic excellence, upgradation of facilities etc. Accordingly, management constructed new hostel for girl students in the campus consisting of rooms with single and double occupancy with Wi-Fi Facilities and dining area to serve hygienic food. Also, the new hygiene canteen/refreshment centers are constructed to provide quality fresh food/meals to the faculty and students.

To ensure that our students benefit from a high quality learning environment a new air conditioned state-of-the-art auditorium is constructed with a seating capacity of 400, in the campus.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The Institute, established by Vidya Vikas Educational Trust®, has functions with decentralized administrative setup as follows: 1. Management Committee of Vidya Vikas Educational Trust®, 2. Governing Council of VVIET, with Principal as member secretary 3. Principal 4. Dean (Academics) 5. Academic Coordination Council (ACC) (Council of HODs)

Role of the Top Management are: To strive to improve the efficiency of the institution in students support services, apply modern management principles in the areas of planning, organizing, staffing, directing and controlling. Finance Committee, Infrastructure Committee, Staff selection Committee and Purchase Committee report to management and implements strategic plans. The Finance Committee of the Management provides budget for requirements like infrastructure, maintenance and developmental needs of institution. Stay involved with other committees regarding new projects and expenditures. The Management regularly interacts with the Principal to review the implementation process as per quality program. Committees regularly audit various activities to ensure proper implementation. Management meets

HoD's once in two months for the review of action plan and major policy decisions.

Role of the Principal are: Being an active member takes lead in deciding the quality program draws action plans, directs the faculty and coordinators to oversee effective implementation and conduction of quality programs. Fosters the development of students and faculty. To sort out issues, if any, related to faculty and student by constituting functional committees, in consultation with management. Contributes by developing quality assessment tools through the Internal Quality Assurance Committee (IQAC). Initiates liaison with the eminent academicians, scientists, industries, professional bodies and renowned Institutions which helps in planning and implementing the quality policy.

Along with faculty, initiates orientation, QIP and other programs for quality improvement.

Role of Heads of Departments are: Primarily provide strong academic leadership, lead, manage and develop the department to ensure it achieves the highest possible standards of excellence in all its activities. Manages matters relating to monitoring departmental staff, the organization of teaching, research and associated activities and the effective performance of staff duties. Demonstrate the vision, management skills, the ability to acquire resources and the skills to empower and influence others to contribute to getting the job done. Motivates students and faculty for improved academic performance and ensures industry institute interaction by ensuring regular technical talks, internship and workshops.

Role of the faculty The faculty plays a major role in the implementation of the quality policy. All faculties, with their experience and expertise, help in implementing the quality program. Strives to be role models for the students and to upgrade themselves continuously Fulfill responsibilities in teaching, research and administrative activities. Contribute in various committees formed by the Principal. Work in team for effective implementation and outcome of the quality program. Develop quality measures for the evaluation of various processes. Counsel students about quality in various activities. Take initiative to associate themselves with eminent research organizations, academicians, professional bodies and industries.

**Rules, Procedures, Recruitment and Promotional Policies:** The revised and updated service rules were published by VidyaVikas Educational Trust in November 2017 with respect to recruitment, promotion and grievances redressal.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Following are the welfare measures for teaching and non-teaching staff:

The institute deposes the faculty to attend workshops, conferences, seminars etc. The institute organizes in-house faculty development programs, administrative skills development programs, value based programs, and teaching-learning courses to enhance professionalism. The institute provides sponsorship to the faculty for pursuing higher studies. The institute assists and encourages faculty to be member of local, national, international, professional bodies

and societies. The institute motivates the faculty and staff for arranging industrial training programs/ visits. The institute motivates the faculty for research and development by providing seed money, digital library and research equipment and labs. The institute Promotes research culture, research publication by creating infrastructure to carry out research work and run projects. To improve the teaching skill, the faculty is encouraged to adopt learner centric education approach viz. better academic planning, use of modern teaching learning aids, application of ICT resources.

The institute motivates the non teaching staff to attend skill development and training program. Allow them to attend courses to improve their educational qualification.

Institute organizes training programs on office automation, use of open source software etc. Faculty members are supported with good infrastructural facilities and positive working environment. R&D fund is allocated to the faculty members in pursuance of research activities. Institute rewards the staff objectively. Special incentives are provided for deserving staff members.

#### Welfare schemes

CL, SCL, Vacation leave, Medical Leave and EPF is provided to all teaching and non-teaching staff members. Gratuity to all employees. Group Medical Insurance for all the employees.

#### Welfare schemes for non-teaching staff

One week leave for marriage Granting medical leave Medical Support Free transport facilities Motivating them to attending orientation programmes, workshops and conferences Providing dress materials for non-teaching staff Providing vehicle utilization or transport allowance for non-teaching staff Providing dress materials for housekeeping staff Group Insurance EPF is provided to all teaching and non-teaching staff members. Gratuity to all employees. Group Medical Insurance for all the employees.

#### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Faculty appraisal process at VVIET has been a critical exercise for ensuring quality of faculty and a means of retaining talent. Periodic reviews of the various appraisal processes are done by

the leadership and proactive measures have been taken to upgrade and bring in positive changes to the appraisal process.

The faculty appraisals conducted every academic year. The assessments are made with respect to the outcome of the goals set by each faculty member in terms of teaching, research and institutional contribution.

The institute has well defined and transparent teaching and non teaching appraisal system.

Every academic year, Department Heads are made to submit annual report which consists of 28 Parameters.

The annual report reflects the various activities carried out by the faculty members, their achievements, progress made in the teaching learning process etc., which is taken as the basis for Appraisal. The keypoints for appraisal are:

Experience (Teaching and Industry) Activities and contribution made in academic and administration (Institution level, Department level and at National level) Developmental activities contributing to the growth of the institution and better academic work. Research progress Contribution to the placement activity Self appraisal of the respective candidates.

The management, Principal and HODs are involved in reviewing the performance appraisal report. Top management reviews the performance of the faculty's appraisal, which reflects in increment, incentive, allowances and promotions. The decisions taken in the appraisal committee meeting is communicated to the respective members. The order copies are filed in their individual files and maintained in the Principal office. The appraisal criteria for non-teaching staff is different from that of teaching, however, the procedure followed is similar to that of faculty.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

Before commencement of every Financial Year, Principal sends Circular to all the HODs to submit budget requirements for the next financial year under specified head of accounts. In turn HOD's sends the Circular to Laboratory Faculty Co-ordinators to estimate the Budget from various laboratory for purchasing new equipments / softwares. The amount required for conducting various programs like Guest Lectures, workshop, faculty development program and seminar depending on the standard is prepared by a team of faculties under the guidance of concerned Heads of the Department based on the guide lines given by the Principal as decided in the Academic Coordination Council. Principal reviews the previous year budget actual expenses & requirements of all the departments in consultation with Purchase Committee and concerned HODs (if required) and prepares a consolidated college budget. This exercise is carried out considering the recurring and non recurring expenditure required by the respective departments for the entire year.

Principal consolidates the College level requirement and the comprehensive budget proposal is placed to the management committee for final approval. The budget submitted by the Principal for the next financial year is placed before the Governing Council for discussion, and approval. The approval is given on priority basis keeping in mind all the sections of the proposal have fair share. Any additional requirements that arise due to unforeseen expenditure shall be discussed in the HODs Academic Coordination Council meeting and management committee is requested to ratify. Purchases will be made with the recommendations of duly constituted purchase committee. Audit is done by the Chartered Accountant, at the end of the every year. All the financial transactions of the institute are audited by an external agency. The external audit is carried out by the auditors as per the provisions of the Government rules and regulations. The Institute has maintained the transparency in all financial transactions. It may be seen from the audited reports that all the financial transactions are carried out as per the standard norms. The audited reports are uploaded in the college website as per AICTE norms. An extract of the audited report by the external agency is attached.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

##### Mobilisation of Funds

The Institute is Private and self-financing and it mobilizes funds through various resources such as:

Tuition Fee from the students Fee for the other services rendered to the students for Transportation. Fees for Value added Programme.

As per the government norms, at the Under Graduate level, the total intake of the Institute is categorized into three Quota. At present, the admission quota in each program is: 45% CET, 30% COMED-K, and 25% Management quota. The tuition fee per year for admission through CET is Rs. 50,500/-, for COMEDK & Management, tuition fee varies from Rs.1,10,000/- to Rs.1,70,000/- depending on the program

##### Utilization of Resources

Every Financial Year, each department will be submitting their Budget as per their Department requirements in different head of Accounts. Upgradation of the infrastructure. Purchase and servicing of Equipment's to the Laboratories as per the Curriculum. The Head of the Institute monitors periodically, the utilization of the funds allocated to the departments. Ensure optimal utilization of the resources according to the plan.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC of the institution was constituted on 30th October 2017. The Academic Audit of the Departments is conducted by Internal Quality Assurance Cell (IQAC). The objectives of IQAC is to improve and sustain the academic and administrative performance of the Institution. Academic Audit is conducted by IQAC once in a semester. IQAC will be evaluating the Departments on the following Criteria.

1. Theory Course File: The Course file of individual faculty containing study material, assignments. 2. Result analysis 3. Laboratory Course File 4. Personal File 5. Students Attendance registers and Staff Diary 6. Laboratory Stock Books 7. Department Files

IQAC ensures that all the Quality process is in place and the Teaching Staff are fully briefed to carry out their roles as defined in the Process manual. IQAC ensure that records of each semester in the Department are kept accurately and provide feedback to all the Teaching and Non-Teaching Staff to implement the suggestions within given deadline.

Prior to formation of IQAC, as per NAAC requirements, the intended function of IQAC was been performed by an Internal Auditing Committee (IAC) constituted every year. IAC was

renamed as IQAC to meet with the terminologies of NAAC.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	<a href="#">View File</a>

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Institute has an IQAC that works towards quality sustenance and enhancement of teaching, research and administration. The IQAC is functional at the individual department level as well as at the Institute level. There is a standing review council, which carries out a quarterly review of progress on various initiatives at department level, and annually at the institute level.

Some of the examples of teaching-learning reforms through Institutional reviews and successful implementation are as follows:

#### 1. TSDP [Total Student Development Program]

As suggested by IQAC TSDP was introduced to enhance knowledge and competence of the students resulting towards opportunities in leading companies and to cope up with the new education system when they opt for post graduate education across the globe.

TSDP model was implemented with 4 methods:

##### a. Bridge Course

The bridge courses help prepare candidates for the next higher level of learning. At the beginning of each semester gaps are identified in the subjects offered and bridge courses designed and conducted accordingly.

##### b. Collaborative Learning

An alternative to lecture is to make class more interactive through the use of students as active learners. While the quantity of information that can be covered using a participatory teaching method is less than what can be covered in the same amount of time in a traditional lecture, it is often observed that the quality and depth of information is greatly enhanced.

#### c. Blended Learning

It is a formal education programme that's made up of in-person classroom time as well as individual study online using educational videos. Each student has a range of different strengths and requirements and a blended learning approach allows tutors to acknowledge this. When they are given the ability to use tools from both traditional and digital spheres, tutors are able to present necessary information in a range of different ways designed to suit the varying learning styles of their students.

#### d. Project Based Learning

It is a model for classroom activity that shifts away from the classroom practices of short, isolated, teacher-centered lessons and instead emphasizes learning activities that are long-term, interdisciplinary, and student-centered.

### 2. Video Classes and NPTEL online courses

Video tutorials are important to students because they add another dimension to learning that makes their educational experience more effective. The videos allow a classroom setting to come to life, offering different perspectives and tools that students might not normally be able to take advantage of in their learning. Through these video classes students are exposed to have a thorough understanding of the processes with maximum impact and encourages them to focus on their project work. A regular schedule for proper utilization of the video theatre indicating the date, time, branch and year of study is prepared at the beginning of the semester.

The students and faculty members are encouraged to register for the NPTEL (National Programme on Technology Enhanced Learning) online courses initiated by IITs and IISc. The IQAC is instrumental in implementing new ventures for enabling the learners, acquiring knowledge beyond the syllabus

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

**Institution shows gender sensitivity in providing facilities such as: 1.Safety and Security 2.Counselling 3.Common Room**

**Safety &Security: The institute has taken the following safety & security measures:**

**1.The Institute has constituted Statutory committees like Anti-**

ragging committee, College Internal Complaint Committee and Anti-sexual harassment committee as per the Visvesvaraya Technological University guidelines. 2. Security: Adequate security measures are at place in the campus and also at the hostel to ensure safety and security of residents. Security has been outsourced to professional agencies. The Institute is well barricaded with boundary wall and with security guards guarding the campus placed at all important locations. The security forces go round the campus at regular intervals of time. Students, faculties and staff associated with the institute shall always wear ID cards for easy identification by the security forces. 3. Safety precautions like First Aid kit, Fire extinguisher are placed in every laboratory and other places where it is required. Each Department and Classrooms are installed with Cameras (CCTV) to prevent any untoward incidences. 4. Students and Faculties entering the campus in two wheelers should wear Helmet and every semester, Helmet awareness week is conducted by the Students Council of the institute. 5. Health center: A part-time Physician and part-time Nurse provide First-Aid facilities during working hours in the Institute. 6. The Institute has an MOU with nearby Cauvery Hospital. Phone numbers of Cauvery Hospital, and nearest Alanahally Police station, Fire station and Ambulance are displayed in the Departments and laboratories notice boards in order to contact during emergency situations. 7. Do's and Don'ts are displayed in each laboratory and students are briefed about the safety precautions to prevent accidents. 8. Awareness programs on fire safety & security like self-defense program for girls are also conducted.

Counselling : The Institution has a good Proctor system, where a group of twenty students are assigned to a faculty. The Proctor monitors their performance, advises them, informs them about the institutional rules and informs the parents about their progress through Proctor Dairy and online messages, and if necessary, through telephonic conversations. Students who are at the risk of dropping out are given special attention and are advised to take the most appropriate decision depending on the number of arrear subjects. The socially and economically disadvantaged students are supported with scholarships. Tutorial classes are also arranged for slow learners and detained students. Every faculty member in the department is associated with 10 to 20 students to counsel their academics as well as the other problems. The faculty members will discuss with the parents of the wards with respect to attendance, academic performance and discipline and report to the HOD &

Principal for necessary counseling and suitable action. The Objectives of the Counselling Cell is

To provide counseling to the students facing academic problems. To develop self-motivation among students To identify the slow learners and frequently interact to develop interest in academics.

Common Room: For the Students to relax in the free hours, the Institute has two separate commonrooms, one for boys and another for girls. All the required facilities for the students are provided in the common rooms.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

VVIET is putting efforts towards creating eco-friendly campus. The campus is filled with green trees, lawn. It has taken number of steps to develop eco-friendly campus. The dedicated Gardeners are maintaining the lawn. Hazardous Waste Management

Hazardous Waste Management is not an issue for VVIET as it does not have any department that uses chemicals or other hazardous material to large extent.

**Solid waste** The solid waste is segregated as wet and dry waste. Wet or bio degradable wastes are buried in compost pits, which will be later used as manure for the plants in the campus. Dry or non bio degradable wastes are collected by the city municipality. **Liquid Waste** The institute is planning to set up waste sewage treatment plant in the campus to recycle the liquid waste.

**E-Waste Management** NISARGA has initiated several e-waste collection drives in recent years. Consequently, CDs, handsets, batteries, chargers, USB cables, and earphones are collected in separate bins. These are later sent either to an e-waste dealer or to the collection point prescribed by pollution board. Further, the students are motivated to use e-waste to develop working and non-working models. Several such models are displayed in E & C and E & E Departments. In addition, use of virtual softwares for conducting experiments in E & C and E & E laboratories, have reduced the use of electronic parts, thereby reducing the e-waste. Use of CD and CD drives have been totally eliminated thereby reducing the e-waste.

**Some Other Environmental Initiatives** To instill awareness about environment amongst students and faculties several programs such as World Water day, World Environment day, World Earth day are celebrated on respective days in the VVIET campus. On the basis of a survey, recently carried out, to gauge the environmental friendliness of the institution, responded to by 1521 students, results revealed that 71% of the students have appreciated the efforts as 'Very Good', 24% 'Good' and for 4% 'Satisfactory'. Only 1% of the students surveyed expressed dissatisfaction and felt that there was significant scope for improvement.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Our institution sensitizes the students and the employees to the constitutional obligations about values, rights, duties and responsibilities and constantly works upon to nurture them as better citizens of the country through various curricular and extra-curricular activities. Our institute is affiliated to VTU and curriculum is framed with courses like Constitution of India, and professional ethics and environmental studies for all branch students. The institute celebrates national festivals and inspires the students and faculty by informing the qualities of freedom fighters and to emphasize the duties and responsibilities of citizens. Students perform the cultural activities related to ethics and responsibilities of human in the society.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

**Title of the Practice: Skill Development Programs** Objective of the practice: Imbibe additional skill sets, attitude and qualities to the students to make them industry ready. Further, certification programs are arranged in collaboration with industries/organizations. The details of department wise value added programs are listed in section 3.7.3 The Context: Beyond the regular university syllabus, will give better exposure about the concepts and latest technologies to the students. In addition to the theory and practical classes Institute also takes the students for field visits, motivate and create opportunity for them to undergo Internship at industries/organisations. To provide them national/international certifications on industry-specific areas to provide them better opportunity for on and off campus jobs. The Practices: These value added programs are planned after verifying with the University curriculum. The skill developments through software training are conducted after completion of necessary theoretical subjects. Evidence of Success: The certification/skill development programs make students learn beyond the syllabus so that their employability or entrepreneurship skills are improved. There is a considerable improvement in the placement after implementation of these programs. Problems encountered and resources required:

The students vacation period is reduced with increase in number of programs Identification of experienced and result oriented trainers well in advance is a challenge.

**Title of the Practice: Parent Teachers Meeting (PTM )** Objective of the practice: Increase the efficiency of the student for better academics performance through timely Proctoring

andcounseling.

**The Context:** The lack of ability of students, at entry level and to adjust to the professional college environment, newtype of subjects and overcome home-sickness is a real challenge. During the above cited process, the students are over-stressed and feel out of place. To keep them focused during their internal as well as external examinations - Proctoring and counseling facilities are in place at institution.

**The Practices:** The Institute is having dedicated committee of Proctors. Each proctor is assigned about 20 students to be mentored. They are treated as the local guardians for those students and will address all the problems faced by the students. They also provide counseling and guidance during difficult times. Proctors dairies are provided for each student and all the data/information with respect to the student is recorded in the diary. Each meeting proceedings will be entered in the diary to help in monitoring the progress and corrective actions taken.

### 7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The distinctive performance of the institute and the main objective of the institute which is aligned with vision of the institute is the excellence in education and research. Teaching - learning process is the main thrust area to achieve excellence in education. 1. Teaching and Learning The Management ensures effective and efficient teaching learning process by providing State-of-the-Art infrastructure conducive to intellectual growth and all round personality development

Providing diverse opportunities by creating Wi-Fi facilities in the campus/hostels Recruiting highly qualified and competent

teaching faculty Encouraging the faculty to do higher studies  
Promoting professional development of faculty by providing  
support to undergo refresher courses to equip themselves in  
using modern pedagogical tools. Pursue doctoral programs Attend  
and organize National and International Seminars/conferences  
and also to publish papers Academic Calendar well in advance  
before the start of the semester, considering  
Govt./University holidays.

It includes specific dates for conduction of three theory  
Internal

Assessments (IA), lab IA, co-curricular & extra-curricular  
activities, student counseling. Subjects are allotted to the  
faculty members for the forthcoming semester immediately after  
the end of the previous semester looking into the faculty  
specialization, experience and workload. Contact hours is  
maintained as per university scheme The Faculty members adopt  
group discussions, relevant videos, seminars, mini projects,  
case studies, PPTs, real time examples, simulations, Quizzes,  
depending on the course and the situation create the best  
learning environment for the students to make them think  
critically. Tutorial classes are conducted for mathematical  
subjects. Each class room is equipped with LCD projectors, &  
furniture to have a conducive ambiance. Institute has seminar  
halls and an auditorium with state-of-the-art facilities. An  
excellent library, digital library facilities are made  
available. Career Guidance training programs are conducted for  
students to help them explore various career options.

As a result students have performed well in examination.

#### 1. Research and Development

The Institution is creating a very amiable atmosphere to the  
faculty members to involve themselves in research activities to  
face the challenges of the modern world. The Institution has  
established Research and Development Cell to promote research  
attitude among faculty and students with the following  
activities.

Teachers are encouraged to submit more research publications  
and projects Eminent scientists and speakers are invited for  
talks

Industry stalwarts are invited to interact with students and

provide exposure to help them develop entrepreneurial skills  
 Recognized research centre for CV, ME, EEE, ECE, CSE, MBA,  
 Physics, Chemistry & Mathematics Motivating them to attend  
 seminars, workshops, refresher courses and International/  
 National Conferences Publication of papers in national and  
 international journals. Providing the facility of VTU  
 consortium for subscription of online journals

Decentralization & Empowerment through various committees.  
 2. Centre for Skill upgradation 3. Industry-Connect Cell 4. MOU  
 with industry for skill upgradation Departments recognize  
 toppers of every semester and mementoes are given as token of  
 appreciation.

### 7.3.2 - Plan of action for the next academic year

To initiate new Techniques in developing the students to face Interviews.

- Accreditation (NBA) of Five Under Graduate Programmes
- Collaborations with industries for curriculum development, internships, student projects, skilling and product development.
- Organizing workshops for students from industry experts.
- To Organize State / National level Conferences, Paper Presentations project competition
- To get permanent affiliation for all the programs from the affiliating University.
- Create best class learning environment by introducing smart boards in each class room.
- Participating in NIRF Rankings 2020.
- Strengthening alumni interaction and Research and Development activities.

- Create facility for beyond syllabus.
- Apply for various funding agencies for financial assistance
- To further upgrade the Quality of Guest lecturers on current Topics and Emerging Trends
- Encourage students to participate in Cocurricular and extracurricular activities
- To Improve In-campus Placement
